Mark Falls in London
LONDON, Nov. 8.—The German mark continues to fall on the London exchange market, breaking a new low record of 1.235 to the pound sterling before noon today under heavy offerings. There were few buyers, the belief prevailing that the rate will fall still further.

Spanish Advance in Morocco
MADRID, Nov. 8.—The objectives of the latest Spanish advance against the Moroccans have been attained, according to an official statement issued here yesterday. The implacable Guernica has been occupied and fortified by Spanish troops, the statement said.

Genuine!

WHEN it comes to settling vexing questions finally and in brief phrases, our old friend the dictionary is often of greatest service. Of the word "GENUINE," for instance, the first comment of such an authority as the "Standard" is this: "GENUINE—OF THE ORIGINAL OR TRUE STOCK."

Well over thirty years ago, the process of gripping brush bristles everlastingly in hard vulcanized rubber was originated by the proprietors of Rubberet Company.

Then followed the adoption of the trade name RUBBERSET and of the practice of imprinting it plainly and permanently upon every brush so made, to distinguish it among all brushes throughout the world as the product of Rubberet Company.

These original processes—widely imitated but never successfully duplicated or surpassed—are to this day practiced in absolute faithfulness in the factories of the originators, and to the brushes so made is affixed FOR YOUR PROTECTION the old original trade name—RUBBERSET.

"GENUINE" RUBBERSETS, then—"OF THE ORIGINAL OR TRUE STOCK"—can be none other than those brushes produced in our factories and bearing no trade name other than that most famous of all brush trade names—RUBBERSET.

Insist upon seeing it, as illustrated herewith, upon every brush you buy.

MONTREAL ADDS TO VOTERS' LIST

Registration Results in Doubling Names—Ontario Labor Party's Manifesto—Nomination News

MONTREAL, Nov. 8.—At the close yesterday of registration of voters, it was estimated that the voting powers of this city would be doubled, and in some divisions, as in St. Lawrence-St. George, where there is a large foreign naturalized element, more than tripled, from 5,000 to 15,000. The feature of the registration was the heavy percentage of women who turned out to register.

Nominations

Charlevoix-Montmorency, Eugene Audet, Labor.

Templeton—A. J. Kennedy, Conservative.

CALGARY, Nov. 8.—Liberals will not likely have a candidate in Bow River, where the Conservatives and Farmers have already nominated. The Liberals nominated Harry Scott, but he refused to run.

WINNIPEG, Nov. 8.—Withdrawals from the federal election contest are reported as follows:

Westmoreland, N.B., Lt.-Col. S. B. Anderson, Government.

Kingston, Ont., Dr. F. J. O'Connor, Labor.

FREDERICTON, N.B., Nov. 8.—It is announced that the Progressives will not run a candidate in the federal constituency of York-Sunbury.

DAWSON, Y.T., Nov. 8.—At the Liberal nominating convention here, P. J. Condon, M.C., of Vancouver, was nominated to contest the Yukon in the federal election. He received 15 votes against 17 for A. Lowe.

Toronto Parties

TORONTO, Nov. 8.—Attacking the Melchior Government "with its idiotic title and cabinet composed of nonentities, mountebanks and renegades," and proclaiming that "Canada has had enough of puppetry," the Independent Labor Party, of Ontario, has issued a manifesto urging the support of labor and farmer candidates in the coming general elections. The document indicates an impression on the part of those who drafted it that the two old political parties are equally hopeless from the standpoint of a "common mass."

Another political party has entered the arena in Toronto. At a meeting of returned soldiers held last night it was decided to enter the campaign and to call conventions for as early a date as possible for the selection of veteran candidates to run in the ridings of East and West Toronto.

REGISTRATION BOOTHS ARE OPEN TO AGENTS

CALGARY, Nov. 8.—Injunction proceedings were successfully instituted by a certain section of voters here shortly after noon on Saturday to instruct the registrars in 22nd Calgary riding to permit party organizers to be present at the registration booths. Mr. Justice Stuart granted the injunction, holding that the registration booths were public places and the representatives of the political parties could not be kept out.

The injunction was served on every one of the eleven registrars in the East Calgary riding, and shortly afterward the Liberal party had representatives installed in every booth. At 5 o'clock representatives of registrars sought to have the injunction quashed. Mr. Justice Stuart declined the motion, and the organizers remained in the booths until registration closed at 5 o'clock in the evening.

CHINA IS PREPARING TO MEET OBLIGATIONS

PEKING, Nov. 8.—The Peking Government has taken steps to reorganize all its foreign obligations and to insure prompt payment of all its foreign loans. It was stated in an official reply today to the recent message from Charles Evans Hughes, American Secretary of State, calling attention to the serious situation created by China's failure to meet her loan from the Continental and Commercial Trust and Savings Company, of Chicago.

The reply was delivered to the American Legation here. The message claims that China is making every effort to meet all her obligations in order to maintain continued credit.

PRISONERS ESCAPE FROM GUELPH JAIL

GUELPH, Ont., Nov. 8.—After slugging Jailer McNab and turningkey Emerson into a state of helplessness, three prisoners awaiting transfer to Portmouth penitentiary made their escape from the county jail here last night, and one of them, John Bedard, is still at large, and is believed to be heading toward the Niagara border in a stolen auto. The others were found a short distance away, and were taken back to their cells 15 minutes after they had escaped.

Just as McNab unlocked the heavy iron door leading to the corridor, the three men made a leap for liberty, two attacking Emerson, while the other grabbed McNab. After receiving three or four vicious blows with a heavy weight, McNab, who is a man over 70 years old, dropped to the floor, while Emerson, who continued the fight, was finally overpowered, and as he staggered around the corridor in a half-dazed condition the three men made their escape.

B. C. ELECTRIC PRESENTS CASE

Statements Regarding One-Man Cars and Wage Reduction Placed by Officials Before Board of Conciliation

VANCOUVER, Nov. 8.—The cost of living has dropped to such an extent that the company is fully justified in demanding a fifteen per cent reduction in wages, and the one-man car is a settled factor which requires only an agreement with the men as to operation conditions.

These statements were made by W. O. Murrin, assistant general manager of the B.C. Electric Railway Company, at the initial session of the conciliation board this morning, in outlining his statement of claim.

The board consists of W. C. Dittman, chairman; A. G. McCandless, representing the company, and R. P. Pettipiece, representing the men. The representatives of the company before the board were Mr. Murrin and William Saville, general secretary of the B.C. Electric. The interests of the men were voiced by W. H. Cotterell, business agent; F. A. Hoover, president; F. Ray and T. Butterfield, representing New Westminster; F. E. Griffin, Vancouver; A. Bayless and P. C. Wallace, of Victoria.

The board commenced its investigations today, and after preliminary details had been completed, Mr. Murrin, representing the applicants, gave a general outline of the basis for the demands.

The company is proposing a fifteen per cent reduction in wages, the abolishment of working conditions on one-man cars, the abolishment of extra pay for Sundays and holidays, and certain amendments to the agreement.

WEAK HEART NERVES BADLY SHATTERED

Many a woman who should be strong and healthy, full of life and energy is bound by the shackles of ill-health.

Some disease or constitutional disturbance has left its mark in the form of a weak heart, shattered nerves, impoverished blood and an exhausted condition of the whole system.

MILBURN'S HEART AND NERVE PILLS they will find a remedy that will supply food for the exhausted nerves, one that will strengthen and regulate the weak heart and invigorate the whole system.

Mrs. W. W. Pearce, 14 Seaton St., Toronto, Ont., writes:—"I was left with a weak heart and in a run-down condition from the flu. My nerves were badly shattered, and I had such pains around my heart I could not sleep much at night. I took several doctors' medicines without getting any better. My husband got me to try Milburn's Heart and Nerve Pills, and after I took one box I got relief, and after taking six boxes I have been well and not bothered since."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Adv.)

CANADIANS GET CLUB IN LONDON

Those Who Visit Metropolis Will Be Able to Find Comfortable Quarters in New Institution There

VANCOUVER, Nov. 8.—Canadians resident in London, or who go to the Old Country on a visit, need no longer bemoan the lack of a suitable club where they can stay and entertain their friends.

Within the past few months the Canadian Club of Great Britain has been formed, and is now housed in comfortable quarters in what was formerly the German Athenaeum Club, in Stratford Place, off Ford Street.

The president of the new club, C. Lionel Hastings, a former New Brunswick barrister, now practicing in London, is in Vancouver today on professional business.

The quarters of the new club are most palatial, giving Canadians a London rendezvous equal in magnificence to any club in the great metropolis. The Germans resident in London before the war spent over £57,000 on the interior furnishings.

About ninety bedrooms are available for business men from overseas who wish to occupy quarters in the club during their sojourn in London. A nominal fee is charged, which admits any visiting Canadian man to membership in the club for one year, and also allows the use of the club quarters during their stay.

PRISONS REPORT MORE INMATES

Increase of Crime in Great Britain Is Shown by Statistics Sent to Home Secretary—Female Prisoners Fewer

LONDON, Nov. 8.—A considerable increase in the number of prisoners received in the prisons in this country under sentence for the year ended March 31 last, compared with the figures for the previous year, is shown in the annual report of the commissioner of prisons to the Home Office. The figures are 47,712 and 37,747 respectively, but they are considerably lower relative to population than for the five years ended March 31, 1912.

The number of male prisoners during the year was increased 8 per cent, and the number of female prisoners was lowered 15 per cent. That the increase was largely due to the year, when there was much unemployment and industrial unrest, is attributed to the unemployment pay, improved education, higher wages, bigger reserves of workers with savings invested, war pensions, restriction of drinking facilities and the substitution of Borstal institutions for juvenile courts. The Borstal institutions are for the reformation of young offenders, and have disciplinary and moral influence.

Referring to first offenders, of whom there were 18,000 last year, compared with 45,000 in 1912, the governor of Durham states that a new stamp of offender has arisen—men and women of respectable antecedents, who are regularly employed and are now associated with the criminal class, having taken to serious crimes, such as fraud and robbery, with astounding facility.

The governor expressed the belief that the cause of this is that the high wages which were so easily earned in war time are now unobtainable, and that the former recipients thereof think they must have money to provide the luxuries and amusements to which they have grown accustomed, so they steal, pilfer and loaf.

DECLINE OF MARK MEANS DISASTER

Due to Great Output of Paper Money Consequent on Increase of Germany's Floating Debt

BERLIN, Nov. 8.—Financial writers on the Berlin newspapers suggest that the fall in the value of the mark is but a natural result of the unlimited output of paper money consequent on the increase of the floating debt of Germany, which reached 318,000,000 marks on November 1. The nation's funded debt is 75,000,000 marks. At the Ministry of Finance it was said that the regular budget for the current year at present was estimated at 115,000,000 marks, and the extraordinary budget at 68,000,000 marks. As only 72,000,000 marks in revenue are accounted for in the Government's survey, the current deficit is estimated at considerably in excess of 110,000,000 marks, which is to be made up in loans.

The mark touched 393 to the dollar yesterday and closed at 387.29.

Furthermore, the Socialist organ, demands that the Government take the situation in hand in order to prevent Germany from sharing the fate of Austria.

"If the German mark reaches the level of the Austrian crown, it will wreck the economic system of Germany and that of the rest of the world with the force of a terrible explosion," says the newspaper.

The newspaper charges the German industrial and export interests with keeping their foreign credits abroad under the most timely pretenses, and demands that the Government proceed ruthlessly, if need be, to avert a most dire economic catastrophe.

The sun is 93,000,000 miles from the earth.

TWENTY-FOURTH BODY FOUND AT BRITANNIA

VANCOUVER, Nov. 8.—Another body, that of Robert Clark, aged 15, has been located at Britannia Beach, making twenty-four bodies of the recent flood disaster victims recovered to date.

Another model settlement will replace the ruins of Britannia Beach, but the site of the town will be shifted slightly to avoid the old creek bed, on which the residential part of the town stood. This sandy hollow was swept by flood waters a fortnight ago to the destruction of a good part of the town and the loss of thirty-six lives. President Schley, of the Britannia Mines Corporation, and other officials are here from New York and have decided against risking another such flood in the old creek bed. The town will be rebuilt on higher ground at the foot of Britannia Hill, out of reach of the mountain torrents.

China Needs Wheat
OTTAWA, Nov. 8.—China's wheat crop has been so poor that a brisk demand for flour is anticipated. J. W. Ross, Canadian trade commissioner to Shanghai, advises, sixteen or more large flour mills throughout the country having to import wheat to keep them running.

AUSTRALIA CHANGES ARBITRATION SYSTEM

LONDON, Nov. 8.—A Reuter cable from Melbourne says Premier Hughes has announced that in order to prevent classing and overlapping of jurisdictions the conference of Australian state premiers has agreed to alter

A DIVORCE GRANTED

After many years of patient suffering you can be divorced from corns, you can get rid of them completely by applying Putnam's Corn Extract. This wonderful old remedy acts in 24 hours, and never fails. Refuse a substitute and remember "Putnam's" is the only Painless remedy. 25c everywhere. (Advt.)

the present arbitration system, and that a court comprised of federal and state judges would be established to determine the basic wage and standard hours in any or all industries.

The conference also agreed to establish an appeal court to determine appeals from awards of federal or state industrial tribunals. All state undertakings will be exempted from the jurisdiction of federal control.

Armistice Day Observance

OTTAWA, Nov. 8.—A proclamation calling for the suspension of all normal business throughout Canada for two minutes beginning at 11 a.m. on next Friday, for the observance of Armistice Day, was contained in a special issue of the Canada Gazette today.

BANDITS SACK U.S. MAIL CAR**Bold Attack Made by Ten Armed Men on Illinois Central—Desperate Fight With Clerks and Crew**

PAXTON, Ill., Nov. 8.—Hundreds of men in power early today were searching for ten bandits who last night held up the Illinois Central New Orleans Limited two miles south of here, wounded four train employees, stole two pouches of registered mail and escaped after setting fire to the mail car. No trace of the robbers had been found early today. The train crew declared the men started west in two automobiles after robbing the mail car. The passengers were not molested, although one was grazed by three bullets which pierced his coat when he and three companions went up to the mail car and fired on the bandits while they were fighting the engine crew and two mail clerks, barricaded in the mail car.

A colored train porter was the only man seriously injured by the robbers, he being shot in the chest and groin as he stood on the vestibule of one car. The fireman was wounded in the shoulder, a mail clerk was shot in the hand and another and another was clubbed over the head with a revolver.

Two of the robbers boarded the train at some point between Chicago and Paxton and covered the engine crew with their guns as the train was passing through here, according to the report of Division Superintendent J. W. Hevron. They ordered the engineer to proceed to a bridge, where the train was stopped with the passenger coaches on the bridge.

Ordering the crew to break the train, the engineer and fireman were forced to pull the mail car up the tracks and about eight other men appeared from their automobiles.

On a threat of shooting the engineer and fireman of the train, if the mail car was not opened, the robbers forced the mail clerks to open the door, but when the engineer and fireman had clambered inside, the door was slammed shut. Several charges of dynamite and firing from revolvers and shotguns finally forced the door in, and a hand-to-hand battle ensued which only stopped after the robbers had thrown two bombs into the car and a firebrand which smoked out the four men in the car.

During the fighting the mail clerks and fireman were injured. These men were forced to throw out the red-sealed sacks containing registered mail and then jump from the burning car. The bandits escaped in their automobiles.

The train crew hooked up the train again without the mail car and proceeded to Champlain, where the injured were sent to a hospital. A mail pouch containing \$100,000 in cash was believed to have been the object of the bandits. Ironically enough, the bandits had the sack with the cash, but for some reason dropped it beside the tracks. After setting fire to the car the robbers escaped in two automobiles with two other sacks of registered mail.

Loot Is \$100

CHICAGO, Nov. 8.—T. A. Germer, chief postal inspector and head of the post office, obtained by six robbers who held up an Illinois Central train near Paxton, Ill., last night, fought a "five-minute" battle with the train crew and passengers, wounding five men, dynamited and burned the mail car, will total approximately \$100,000.

They got two pouches of registered mail and overlooked two others, Mr. Germer said. One of those overlooked is said to have contained \$100,000. "In the two they took," Mr. Germer added, "there was nothing but the ordinary run of registered letters—no bank shipments or other packages of special value. It will take a week to see each individual sender and check up the exact loss, but I estimate it at about \$100,000."

Will Try to Check Robberies

WASHINGTON, Nov. 8.—Means of bringing an end to the wave of postal robberies throughout the country were discussed today by President Harding and his Cabinet, and it was indicated after the meeting that Postmaster-General Hays would have a statement to make in the near future on the subject.

FORMER CHORUS GIRL PARTS WITH HUSBAND

CHICAGO, Nov. 8.—Peggy Hopkins Joyce, former New York chorus girl, will receive a lump sum of \$100,000, two fur coats and a jewel valued at \$500,000, according to terms of a settlement reached out of court with her millionaire husband, J. Stanley Joyce, Chicago lumberman, and film producer.

MOTHER!

Open Child's Bowels With "California Fig Syrup"

Hurry mother! Even a sick child loves the "fruit" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary. But in order to get genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get imitation fig syrup. (Advt.)

today, when hearing of his action to annul the marriage was reopened. Mrs. Joyce relinquishes her \$250,000 home in Miami, Fla., returns \$400,000 in jewels purchased from a Paris jeweler, but not paid for, and also releases title to temporary alimony for \$1,350 a month awarded her last Spring, but never paid by Joyce.

Smothered in Tunnel

OTTAWA, Nov. 8.—Sheltering in a tunnel to protect himself from the snowballs of his companions, Kenneth Corbett, eight years old, of this city, was smothered to death yesterday afternoon when the top of the tunnel caved in on top of him.

CONFERRING ON IRISH PROBLEM

Sir James Craig Has Another Interview With Mr. Lloyd George—Ulster Parliament Question—Sinn Fein Waits

LONDON, Nov. 8.—Sir James Craig, the Ulster Premier, had another long interview today with Premier Lloyd George, presumably continuing discussion of the basis of an Irish settlement formulated by the British Government negotiators after their series of consultations with the Sinn Fein delegates.

The customary reticence prevailed in official circles as to the interview, but there were no signs observable that any agreement with Ulster as to the settlement terms was in sight.

An important meeting for consideration of phases of the Irish question was held at Downing Street this morning, the participants being the majority of the Government negotiators, including Premier Lloyd George, Winston Churchill, Austen Chamberlain, Lord Birkenhead and Sir Gordon Hewart. It is believed the meeting mainly concerned itself with the legal steps necessary to fulfill the Government's pledge to Ulster that the Ulster Parliament would be enabled to function properly and be provided with funds.

This does not seriously affect the general negotiations for an Irish settlement, for under the Government's plan Ulster would be left a local parliament, with more power than the present parliament has.

Desmond Fitzgerald, of the Sinn Fein delegation, said this morning on behalf of himself and his colleagues, that they were taking no part in the talks now in progress, between Sir James Craig and Mr. Lloyd George, and were merely waiting until the British Premier could put to them a practical proposition recognizing the unity of Ireland.

Michael Collins and George Duffy, the two Sinn Fein negotiators who went to Dublin for the week-end, returned to London this morning. It is not expected, however, that they will be asked to a further conference with British negotiators before Friday, by which time the consultations between Mr. Lloyd George and Sir James Craig and the latter's Ulster colleagues who have been summoned to London, possibly will be concluded.

Belfast View

BELFAST, Nov. 8.—Commenting on the summoning to London of the Ulster cabinet and Sir James Craig's interviews with Premier Lloyd George, The North Whig presents the following typical Belfast view of the Belfast situation: "Dragging Ulster into the picture is not an impulsive act; it is the essence of a careful, cunning plot which Mr. Lloyd George hopes to make successful through the treachery of men calling themselves Unionists. But the plot has not succeeded."

DUBLIN, Nov. 8.—The publicity department of the Dail Eireann announces that in order to secure better operation of the truce arrangements a separate liaison officer will be appointed in each county of division thereof, where it is divided into ridings.

BRITISH COURAGE HELPS BUSINESS

Visitor From Motherland Finds Much More Pessimism in Canada—Speaks of Conditions in Silk Trade

VANCOUVER, Nov. 8.—British courage in peace, as in war, is manifested by the way in which business men in the Old Country have faced and overcome the severe strain of economic readjustment, in the opinion of R. G. Snow, veteran raw silk merchant of London and Lyons, France, who is in Vancouver.

"In the course of my travels through Canada I have found a much more pessimistic outlook among business men than one will find today in England," said Mr. Snow. "One hesitates to say it, but it does appear to me that Canadian business men lack the courage that has carried the British brethren through hard times, the like of which this country is never likely to feel."

Business is distinctly better in England today than it was some months ago, but it is very far from good, Mr. Snow declares. There is, however, a spirit of optimism evident which he thinks has done well for the future. In spite of a multitude of troubles, British business men refuse to lose faith in their country's ability to forge to the front as a great commercial power once more. At present Australia is the only country in the world which is taking anything like its pre-war volume of British production. Canada, the United States and South America are all now taking less than their usual quota, and business with the continent is comparatively small. But in spite of this, the feeling is that things might be distinctly worse.

In the silk business non-buying by America and certain parts of Europe has caused a slump. Prices, he

Hill Farm Cobble Hill

Containing three hundred acres; one hundred acres cleared and underdrained; about twenty acres of rough pasture; sixty-five acres parked; also suitable for early pasture. This farm will carry about forty dairy cows, four horses, and a sufficient number of hogs to take care of surplus feed. The buildings are in perfect condition. The main residence contains eight bedrooms, large living-room, dining-room, kitchen, two bathrooms; cement basement, with laundry tubs, etc., etc. A perfect system of hot water heating and wired for electric lighting. Five of the bedrooms contain washbasins, with hot and cold water laid on. In addition there are three farm cottages, two with bathrooms complete, the third cottage has the water laid on only. Septic tanks are installed and connected with all buildings.

First-class brick dairy; 28-stall concrete dairy barn; calf pen for twelve calves; large stable, 50 x 120, that can be converted into dairy barn; bull pen, implement sheds, loft room for crop and hay, etc. Piggery plant can be converted if desired to handle one thousand head of poultry, or restored to take care of one hundred and fifty hogs. With an additional building, 45 x 90, that is ideal for sows with litters, or would serve as an excellent brooder house for poultry. There are two wells that have never failed present tank capacity, 7,500 gallons. The wells easily produce 10,000 gallons in 24 hours. Water is laid to all buildings, likewise to every field on the farm.

This delightful property will be for rent to a desirable tenant on and after December 1. The E. & N. Railway runs to Cobble Hill. The farm is one and one-half miles from the station. The man in charge will be pleased to show you the land and buildings.

CAMPAIGN IN BRITISH COLUMBIA

There will be keen disappointment in British Columbia that neither Premier Meighen nor Mr. Mackenzie King will be able to speak in this Province during the present election campaign. Both would have been assured of a hearty welcome and an attentive hearing, and there was especial curiosity here to learn what arguments the Liberal leader would have put forward against a protective tariff which is considered an essential safeguard of industrial development in British Columbia, far more so than in any other Province of the West. The keenness of the disappointment over Mr. Meighen's absence will be even more pronounced, for the people had been anticipating the opportunity of paying a tribute to the Prime Minister for the ability and development in purpose and principles which have marked his administration.

The Government Party in British Columbia is assured, however, of having one of the most brilliant speakers of the Federal Cabinet here during the campaign in the person of Mr. R. B. Bennett, the new Minister of Justice. Mr. Bennett is logical, incisive and eloquent, a master of facts and language. Wherever he speaks the Minister of Justice is assured of an audience limited only by the accommodation provided, and no public speaker in the Dominion carries more conviction. In Vancouver it has been decided to restrict the active platform campaign to a period of the three weeks immediately preceding the election and it would be well if the same policy is followed here. A multiplicity of meetings only tends to tire out the electors, who are often confused by the number of subjects with which attempts are made to deal. Fortunately, the present election campaign has this feature that the trade issue dwells every other subject in the public mind.

THE THREE LEADERS

For the Federal election campaign the Farmers' Party has stolen from the Liberal platform the policy of reciprocity with the United States. "If we are returned to power," says Mr. T. A. Crerar, "one of the first things to be done will be to open negotiations with the United States with a view to securing reciprocity in natural products." Mr. Mackenzie King does not mention reciprocity at very much during his campaign speeches because he believes that this subject since the Liberal Party went down to defeat when it was an issue ten years ago, but none the less he is pledged to do what Mr. Crerar openly says he will do if he is given the opportunity of forming a government. Mr. Crerar, whose interests are bound up in the fortunes of the United Grain Growers' Association, thinks mainly in terms of what he believes will benefit the farming industry of the Prairie Provinces, and he speaks with pride of the fact that his company should have grown so great financially that it is able to traffic in America as well as Canadian wheat. In justice to the Liberal leader it may be said that his policy is somewhat more national in its scope, although the terms in which it is advanced vary according to the Province in which Mr. King may be campaigning.

The strength of Mr. Meighen's appeal to the electorate lies in the straightforward, unequivocal stand he has taken on the maintenance of the policy which has permitted the country to develop to its present state. He speaks from the vantage ground of what Canada's experience has been during the past four decades. The Government has not been stampeded by attempts to wrest privileges for certain classes of the community, and is aware that because class prejudices have been assiduously fostered it faces a hostile farmers' vote in the coming election. In Quebec, which is believed to be the Liberal stronghold, Mr. Meighen does not burke any criticism of his policies in the past. He tells his audience there, without any reserve, that he supported conscription during the Great War and favored its application throughout the entire Dominion. With equal vigor and outspokenness he deals with Canadian policy towards the National Railway system, a subject which is of vital interest to the people at large. The establishment of a national Merchant Marine, which is now being vigorously attacked by the Liberal Party although that party supported the measure in the House of Commons, is also frankly discussed by the Premier, who in this feature of governmental policy is receiving support on every hand.

All roads in the election campaign lead to the tariff issue, which is first

in the people's thoughts. Five-sixths of the time occupied by Mr. Crerar on the platform is spent in dealing with arguments tending to show how the farmers would benefit through the elimination of the protective principle, and now he is advocating open trade with the United States as a first instalment towards free trade which is the ultimate aim of his party. Mr. King, who has realized the unpopularity of reciprocity in Ontario, is carefully eschewing the subject there while on his speech-making tour, though doubtless it will feature his utterances when he reaches the Prairies during the campaign. Mr. Crerar is speaking for a class, and any government which he might lead would be a class government, because it would be dominated by the farmers, and possibly its policies would be dictated by the United Grain Growers' Association. Mr. King, in his appeal for votes, is following a policy of opportunism and varying his appeal according to the character and inclination of his audiences. On the other hand the Prime Minister has a national policy that is bound up in the continued application of the protective principle to the trade of the country. In French-Canada and in the Maritime Provinces, in Ontario and among the many tongued population of the Prairies, he advocates, boldly and consistently, the ideal of a Canada, one and indivisible, whose government should not be controlled by any sect or class, but be representative of the people as a whole and view the solution of every problem that arises from the standpoint of the interests of the Dominion.

CIVIC POLITICS

The next municipal election will be held on December 14, though, so far, hardly a ripple of interest has been aroused. Owing to the Federal election on December 5, it is likely that the civic campaign will be of short duration, which is perhaps just as well, as people know, or should know, their minds on matters affecting civic politics. The outstanding one before this and other municipalities in British Columbia. In this connection it will be known within a few days what the Provincial Government intends to offer in the way of sources of revenue with a view to providing a solution of this problem. It will be the duty of the new municipal administrations elected to consider at an early date what relief can be given to the owners of land, so that prospects of a continuation of the disastrous policy of tax sales may be mitigated. Municipalities, during 1922, and especially Victoria, will have to concentrate on financial matters, and it should be their concern to revise their taxation policies so that they may be placed on a basis where the imposts levied can be collected.

The Victoria City Council is still uncertain if any money by-law will be put before the people on December 14. If a new cemetery is projected in the immediate future it will be necessary to ask the property owners to vote the funds required, or at least sufficient for the purchase of a site. Another subject involving expenditures would be that of an amusement centre, for which tentative plans have been prepared through the enterprise of the Chamber of Commerce. We do not think it is the intention to have a money by-law submitted for the project next month, but so that the proposal might be advanced another stage it would be well to obtain an expression of opinion on where the site of an amusement centre should be. The industrial committee of the City Council has been negotiating with some industries with a view to their establishment in Victoria, the negotiations involving the offer of concessions. The character of the negotiations have not been made public, so that it is not known if a money by-law will be required to implement the negotiations. Yet another subject which would call for a money by-law would be any decision of the City Council to spend \$50,000 or \$50,000 in repairing Rock Bay bridge by establishing there the present span of the E. & N. Railway bridge over the harbor.

In the aldermanic contest half of those to be elected next month will serve for a two-year term and the remaining half, that is the five lowest on the poll, will be elected for a year. Much interest will centre in the election of School Trustees, and it is possible there will be wider public attention devoted to this office than ever before because of the criticism of school administration during the present year. The Government is being asked to abolish the Boards of School Trustees and permit their function to be carried on by committees from City Councils. Although this move would be in the direction of economy, and, in every likelihood, would promote more harmonious relations between the public and the administration of schools, we may anticipate that it will be subjected to a great deal of opposition from interested parties. Locally speaking, there is sufficient interest in connection with the forthcoming civic election to warrant a larger vote than has ever been polled in a similar contest in this city, and the possibility of this is emphasized by the assurance of a warm and, perhaps, ecstatic campaign for the vacancy on the Board of Police Commissioners.

So long does it take the light to travel, that the Police might be extinguished ten years before we were aware of the fact.

LETTERS TO THE EDITOR

Two Minutes' Silence

Sir,—On the 11th instant the civil population of Victoria will have an opportunity for redeeming its delinquency of last year on the same date. In disobedience to our King's command to commemorate the momentous day throughout the British Empire, the observance of the thrilling two minutes' silence which pulsated through the Empire was not felt in Victoria. That disgrace had better be forgotten, besides, it injured the feelings of those ex-service men, and nurses who saw their comrades fall in battle.

I observe we are to have a poppy sale on Armistice Day, but are we also going to observe that "Great Silence" which again has been inaugurated at the heart of the Empire by our King?

Please read the following extract from The Daily Mirror:

"The King's Simple Method—It would be a simple matter to have the exact moment notified throughout the country by some signal, controlled from Greenwich, which would be generally heeded," Sir Burton adds.

"Our King chose an appropriate and simple method whereby the whole of his Empire could simultaneously pay tribute. It is a beautiful conception, and I am sure it will be his wish that, wherever possible, sound as well as movement should cease absolutely during the service."

Sir, can we not, by some arrangement, have the two minutes' silence observed as a tribute to the fallen heroes in France and Flanders, by concerted action, at the signal of a gun at Work Point? It would not disturb business.

A. W. PAYN LE SUZUR.

Pacific Coast Officers' Association, New Drill Hall, Victoria, B.C., Nov. 7, 1921.

The Majority Candidate

Sir,—Let me at once disclaim any intention of becoming a majority candidate, as proposed in the heading in this morning's Colonist.

But I will take this opportunity (earlier than I intended), to say that I do intend to seek re-election as an alderman, and, I shall endeavor to work out new and other important problems, some of which are already engaging the attention of the industrial committee.

JNO. HARVEY.

120 St. Andrew Street, Victoria, B.C., November 8, 1921.

PREPARE TO OPPOSE ELK LAKE PROPOSAL

Solicitor, Comptroller, Water Commissioner and Aldermen Will Fight Saanich Application for Right to Tax

The Elk Lake Committee of the City Council, consisting of the Mayor and Aldermen George Sangster, E. B. Andrews and Charles E. Todd, last night recommended to the Council, which recommendation was duly adopted, that the City Solicitor, Water Commissioner and the Aldermen should be instructed to take whatever steps they may consider necessary to oppose before the Municipal Committee of the Province of British Columbia the threatened application of Saanich Municipality to tax the Elk Lake watershed.

In reply to a question prior to the meeting, Alderman Todd stated that he personally had no intention of appearing before the Municipal Committee to oppose Saanich's application; that he thought it was up to the citizens of Saanich; that if the people of Saanich were content to allow their Council to follow the course they are pursuing in this matter without, as interested citizens, registering protest, he certainly did not feel it his duty to step in to fight to compel them to enjoy the benefit of something which they apparently did not want, and to which they, individually, were not inclined to support. The alderman said that, as far as he was concerned, he would submit to no legislative tampering at the request of Saanich, and that if any waterworks rights, and that if anything of the kind should take place, it would convince him that the Elk Lake Park proposal was a fraud, and that he would be prepared to fight with entirely too much danger to the interests of the taxpayers of Victoria, and, under the circumstances, he would feel compelled to support the sale of the property, with its result, immediate financial benefits to Victoria's taxpayers, to say nothing of the also resultant welcome moving of a great deal of time for the park enthusiasts of the Victoria City Council.

BRIEF TALKS GIVEN ON CURRENT TOPICS

Number of Subjects Dealt With at Meeting of Y.M.C.A. Young Men's Club—To Debate at Metchovin

Five-minute addresses on current topics by members featured the weekly meeting last night of the Young Men's Club of the Y.M.C.A. The usual supper was held, commencing at 8:15. Ernest Abiet dealt with the railway problem of Canada, explaining, among other matters, the Shougeness plan for dealing with the question of the Canadian Pacific. Charles Keene briefly outlined the legislative plans of the present session of the Provincial Legislature. The success of the prohibition in the United States was told by Garnet Halliday. Cecil Laundry, who yesterday inspected one of the two-man street cars which has been converted to a one-man vehicle here, told what he had seen. A brief description of the Irish question was given by Ian McLeod.

The meeting also discussed the debate which the club is to have on November 19 with the Metchovin Farmer's Institute. Mr. Charles Whitney Griffiths, president of the Institute, being present to make arrangements. The club will send out a team of debaters and also a party of supporters.

DECIDE NOT TO DRAIN CEMETERY

Attempt Would Be Futile, Council Is Told by Superintendent—Appointment of Trustees Is Blocked

Because Aldermen Sangster, Fullerton and Todd were not present, the City Council last night postponed for a week further action in respect to the acquisition of a new cemetery site.

Ald. E. S. Woodward, seconded by Ald. John Harvey, brought in a resolution calling for the appointment of a board of cemetery trustees under the 1920 legislation, giving such trustees sole power to purchase and lay out a cemetery.

"I didn't know you proposed to get a cemetery under the terms of that bill," said the Mayor. "I thought you wanted to get the feeling of the council. You couldn't do that with this legislation, and I'm not sure if it applies to a single municipality. It was framed as a measure to bring about joint action among two or more municipalities."

Ald. Dewar objected to taking hasty action, and said a special report from the Cemetery Committee would be available next week. The committee did report last night against draining the waterfront portion, and in doing so submitted a report from Superintendent of Parks Thomas Purdy.

"The draining proposed," said Mr. Purdy, "would be of very little use, for last winter when we got the same distance from the sea on the drained portion the water backed up, filling the graves from the drain pipes."

The committee's recommendation was adopted.

FLOOD LOSS ON P. G. E. NOT DEFINITELY KNOWN

Engineers Now Busy Going Over Government-Owned Line to Check Up Damage Done

While a preliminary estimate of the damage done along the line of the Pacific Great Eastern Railway, between Squamish and the tidewater terminus on Howe Sound, to Pemberton Meadows, has been put at \$100,000, it will be some time before the actual damage caused by the recent floods in that section is known.

Chief Engineer Proctor, of the Provincial Railway Department, left for Squamish immediately after the news of the flood damage was received here, and his report has not yet reached the Department. Engineers are now endeavoring to go over the line, but it will probably be a week or two before their reports are completed. Premier Oliver, Minister of Railways, stated yesterday.

Colonel R. D. Davies, head of the Provincial Land Settlement Board, summed up yesterday that the floods in the Saanich section where widespread loss occurred, did little or no damage to the Sumas Reclamation scheme under some \$500,000. Regular crops have been received from the engineers. The floods, Col. Davies states, brought the water close up to the normal high-water mark, and the damage, in the course of construction without which was practically the high level force practically no damage. The damage to machinery being used on the work, though some of the carrying away of bulkheads.

ESQUIMALT CHAPTER

I.O.G.E. Branch Held Meeting and Arranged to Assist With the Christmas Relief Fund

About thirty members were present at the meeting of the Esquimalt Chapter, I. O. G. E., yesterday afternoon, at the home of Mrs. (Dr.) McPherson, Lampon Street. Mrs. Croft, the regent, being in the chair, Mrs. N. Shaw and Mrs. Sutherland were appointed a committee to confer with the Municipal Chapter in connection with Christmas hampers for wives and families of returned soldiers.

It was decided that twenty laurel wreaths should be placed on the graves at the Marine Cemetery of the late war, as their lives through the late war, and the Ladies' Guild of the Soldiers' Club to provide these, and Mesdames Clark, Wright and Warden agreed to place them on the graves.

The question of layettes for the wives of ex-service men was also considered, and it was decided that the ladies who do not belong to the society should be invited to join.

The regent put in a plea for the Esquimalt Friendly Help, and many of the ladies who do not yet belong to the society agreed to assist by joining.

Delicious buffet refreshments were served by Mrs. McPherson, the tables being decorated with autumn blooms. A vote of thanks to the hostess and the singing of the National Anthem brought the meeting to a close.

METCHOSIN NOTES

METCHOSIN, Nov. 7.—Yesterday marked the first anniversary of the Rev. E. Comley as vicar of Metchovin. The service was held both morning and evening services showed the high esteem in which he and Mrs. Comley are held, and the parishioners hope that this is the first of many more anniversaries.

Debate and entertainments are being arranged for Nov. 15, 22 and 29. The good attendance at both morning and evening services showed the high esteem in which he and Mrs. Comley are held, and the parishioners hope that this is the first of many more anniversaries.

Y.M.C.A. BOYS' WORK PROGRESSES GREATLY

Mr. Harold C. Cross Gives Report of Boys' Department for October—Increase in Membership Noted

An encouraging report for the month of October was presented last week at a directors' meeting of the Y. M. C. A. by Mr. Harold C. Cross, Boys' Work Secretary, who gave a comprehensive review of the work of his department during the month just ended. Mr. Cross pointed out that the boys' division has today the largest membership in the history of the association.

During the month of October 87 new members were enrolled. The report shows that the department has advanced much more this year than during the corresponding periods in 1919 and 1920. In the former year, during October, the membership totalled 227 boys. Last year the number rose to 435, while today the division can claim 545 active members. The membership increase is most creditable, and compares favorably with the figures boasted by other Y. M. C. A. organizations on the Pacific Coast.

October has been a month of preparation, and with such a large membership, the "Y" has quite a task organizing the various groups into different sections. The departmental organization is now complete, with five clubs in the preparatory, eleven in the school, and two in the employed sections. Each club has its own members, elects its own officers, chooses its name, color, etc. The clubs meet weekly, in sections, to carry out the fourfold programme of the association, and are the basis of all competitions. Supper gatherings develop the social spirit, and the interest is keen, Mr. Cross points out. The gymnasium attendance for the

month shows a larger increase, there having been 56 more boys in attendance than in October of last year. The gym class is going strong now. Swimming lessons are being given regularly on Saturday mornings, all classes in which are steadily increasing in enrollment.

The Y. M. C. A. has held "open houses" to the school boys of the city, no less than fourteen public schools being entertained during the month, in groups of 2 to 6 schools at a time. About 400 boys attended, and participated in a programme of inter-school basketball, games of all kinds and swimming races in the big water pool. The affairs closed with a three-reel movie show. "I feel that these gatherings have helped considerably to bring about closer co-operation with the schools. Appreciation has been expressed by both teachers and pupils and it was a pleasure for us to provide the entertainment," said Mr. Cross.

Three additional Sunday Schools have decided to assist their boys to join the association, as their church plants do not include facilities for carrying on physical and social work, and it was a pleasure for us to provide the entertainment," said Mr. Cross.

Three additional Sunday Schools have decided to assist their boys to join the association, as their church plants do not include facilities for carrying on physical and social work, and it was a pleasure for us to provide the entertainment," said Mr. Cross.

A DELICATE TASK

The new biography of Queen Alexandra is a discreetly written volume, so I look in vain for an anecdote or two concerning an episode in the Queen-Mother's life that was often referred to in Royal circles with bitter breath. King Edward described it as "the bravest deed I ever knew." I refer to the fact that when Queen Victoria appeared in the streets of London for her famous Diamond Jubilee drive, her loyal subjects were amazed and delighted to note a dramatic alteration in the monarch's bonnet and mantle. Instead of the funeral crape-wreathed bonnet and dead-black garment, she smiled resplendent in a scheme of light and bright attire that was infinitely becoming. The night before the drive, the Princess of Wales crept guiltily down the Palace corridors at midnight, bearing away the time-worn black into a safe place of concealment. With infinite tact and sweetness she had overcome Her Majesty's scruples that "dear Albert might feel hurt if he could but know," or feel slighted. At the right moment the new bonnet and mantle were produced, and the Queen not without misgiving, yielded—London correspondent Montreal Gazette.

FIFTY YEARS AGO TODAY

(From The Daily British Colonist of November 9, 1871.)
New Lines—The Western Union Telegraph Company is about to erect a line of telegraph from Hatteras to Tampa, Fla., which it is extending its lines this enterprise company will soon cover the South with a network of wires.

Canadian Pacific Railway—The importance of the construction of the proposed Canadian Pacific Railway to the Dominion generally and to Ontario and Toronto in particular, has, we feel assured, as yet been only appreciated by a few in our midst. And there are not many who for a moment ever supposed that the Dominion Government was in earnest when it undertook to build a line of railway 1,500 miles in length; yet events have proved that the Government has shown itself true to its word in this respect. At the present time there are no less than twenty-four different sets of surveys, with their staffs of assistants, locating the probable line of the road.

The Municipality—Mayor Babington nominated Mr. W. J. Macdonnell for the position of Mayor, endorsing that gentleman as possessing experience and talents, both of which are necessary to enable the Chief Magistrate to properly discharge the duties of his position. Mr. Robert Johnston seconded, and there being no other nominees, Mr. Macdonnell was declared duly elected Mayor of the City of Victoria for the ensuing year, amid prolonged cheering.

BAYER Aspirin

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headache, Earache, Toothache, Neuralgia, Rheumatism, Neuritis, Lumbago, and Pain. Made in Canada. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monocetate of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross." (Adv.)

MOUNT EVEREST MAY BE CLIMBED

Two Members of Expedition
Reach Point 6,000 Feet Be-
low Summit—Hard Task
Yet to Be Undertaken

LONDON, Nov. 8.—Sir Francis Younghusband, president of the Royal Geographical Society, announced to the society last night that the expedition sent to attempt to reach the summit of Mount Everest, in the Himalayas, the highest peak in the world, had accomplished the task set for it this year.

After exploring the mountain from many directions, G. H. Bullock and Mr. Mallory succeeded in reaching a point on the northeastern spur 6,000 feet below the summit, in the Himalayas, the highest peak in the world, had accomplished the task set for it this year.

"We now have to find men," Sir Francis said, "who can stand the terrible blizzards that sweep down the mountain, the highest peak in the world, had accomplished the task set for it this year.

The president added that the society must reorganize the expedition and find a new leader to take the place of Colonel Howard Bury, who would be unable to devote more time to it. Six men, he said, would be needed for the climbing party.

OBITUARY NOTICES

SMITH—The funeral of Mrs. Sarah Smith, whose death occurred at St. Joseph's Hospital last Thursday, took place yesterday morning at 11 o'clock from the Santa Funeral Chapel. Relatives and many friends were present at the service which was conducted by the Rev. F. A. P. Chadwick. The hymns sung were "Abide With Me" and "Lead Kindly Light." The casket was covered with a profusion of beautiful floral designs. The following acted as pallbearers: Messrs. John Skelton, W. T. Wardale, T. Wharfe, H. L. Patterson, F. Cartier and J. Whitehead. Interment was made at Ross Bay Cemetery.

GLIDE—The funeral of Henry Glide took place yesterday afternoon from the late residence, 7 Erie Street, at 2 o'clock, proceeding to the Reformed Episcopal Church, where an impressive service was conducted by Rev. A. Dell Owen. There was a large attendance, including many old friends and former pilots and captains with whom the deceased was associated for so many years. Numerous beautiful floral tributes covered the casket and hearse. At the church the hymns, "Safe in the Arms of Jesus" and "Abide With Me" were rendered by the congregation. Among those present was Victoria Lodge No. 1, I. O. O. F., who attended in a body, and whose portion of the funeral services was taken at the graveside by G. W. Young, N.G., assisted by Bro. A. Bank, chaplain. The benediction was pronounced by Mr. Owen. Interment was made in the family plot at Ross Bay Cemetery. The following acted as pallbearers: Capt. E. Kelly, O. T. Goldsmith, and Messrs. G. W. Young, W. R. Hudson, J. W. Dobie and A. Sedgier, of the I.O.O.F.

MAYORALTY CANDIDATE PLACED UNDER ARREST

LOUISVILLE, Ky., Nov. 8.—W. O. Harris, Democratic nominee for mayor of Louisville, started election day early today with a ride from a leading hotel to police headquarters in a patrol wagon, a prisoner. With Mr. Harris on the ride was Dr. H. E. Meachling, Democratic nominee for clerk of Jefferson County, and several other men.

Mr. Harris was slated at police headquarters on charges of disorderly conduct and was being held by an officer in the discharge of his duty.

DESIRES PUBLICITY FOR CONFERENCE WORK

WASHINGTON, Nov. 8.—The American delegation to the armament conference was requested in a resolution offered by Senator Harris, Democrat, Mississippi, and adopted today by the Senate, to use its influence for the making public of the record of conference proceedings and for admission of newspapermen to all meetings of the full conference.

The resolution recited hopes for success of the conference and stated that the Senate "believes that the greatest publicity to which, in reason, consideration of the questions for which the conference is called will admit, will tend towards the success of the conference."

LEGISLATURE RESUMES WORK THIS AFTERNOON

Opposition Members Claim
Sufficient Business to Keep
Session Going Until Month's
End—Budget Tomorrow.

With the reassembling this afternoon at 3:30 o'clock, of the Legislature, the members will get down to business again in the expectation which, while it is their hope, cannot be said to be anything of a certainty, and that the three labors will be terminated within the next two or three weeks.

Opposition members profess to have enough business to bring before the House to keep it in session to the end of the present month or longer, and the Labor members declare that unless certain amendments, presented by them, to social legislation passed last year, to come into effect when other provinces enact similar legislation, are passed, making such legislation effective on May 1 next, irrespective of what the other provinces do, they will block proceedings until they secure their wish.

The order paper is almost clear and with the exception of the budget, which will be brought down tomorrow night, when Hon. John Hart, minister of finance, makes his annual financial pronouncement, there is little business ready for the members. There is on the order paper a resolution, notice of which has been given by Mr. H. H. Neelands, Labor member for South Vancouver, calling upon the House to take action in the matter of the present unemployment problem. Mr. Neelands wants the House to go into committee of the whole for the purpose of considering the question.

A similar step was taken by the Labor members last year, but after the matter got into the committee stage and a resolution was presented to the effect that the Government had failed to give the subject that attention the Labor members considered was its due, a Government amendment was passed by the party majority expressing approval of the relief measures adopted by the Government in dealing with unemployment, and pledging itself to support the Government in respect of such further measures as might be necessary for the Government to take in dealing with the problem. In this way the Government, while chafing off any expression of criticism of its attitude on the unemployment problem, at the same time threw a verbal bouquet at itself. Predictions are being made by Opposition members that the Government will take a similar course at this session if Mr. Neelands' resolution gets before the committee of the House.

Soldier Settlement

While a number of members have returned to the city following the week-end recess, the majority of them will be back this morning and this afternoon. Among those who spent the week-end at up-island points were Colonel Lister, Mr. A. W. Mackenzie and Mr. J. W. Jones. Conservative members respectively for the ridings of Kaslo, Similkameen and South Okanagan. They visited the Meriville soldier settlement near Courtenay, and have returned convinced that if that enterprise is to prove a success it is imperative for the Government, through the Land Settlement Board, to extend greater latitude to the soldier settlers in the way of postponing the demands upon them for payments on their holdings, to develop which, the members claim, the outlays were excessive and the men simply cannot make good if forced to make repayments before a period of several years at least.

Colonel Lister, who was the first superintendent in charge of the work at the Creston soldier settlement, declares that the latter holds out far greater opportunities for the soldier settlers in point of excellence of land and the productiveness thereof. He promises to have something to say concerning the Meriville settlements and methods adopted there before the present session ends.

STRONG ARGUMENT FOR LIBERAL LEADER

TORONTO, Nov. 8.—The Star today publishes the following:
"Amelia Galli-Curci, world-famous songbird, was recently confronted with photographs of Canada's three political chieftains. From the trio she chose the Liberal leader as the man whom she would marry if she had the choice."

"Mackenzie King admitted while in the city that he was the man in the case. He even blushing confessed that he had wired Madame Galli-Curci to thank her for the tribute which she had paid him, and, he recently added, to express his respect for the good judgment and discrimination which she had displayed."

SUSPENDS OFFICIAL ON "MYSTERY CHARGE"

Mayor's Action Against As-
sistant Sanitary Inspector
Causes Heated Battle in
Council—Probe Ordered

Mayor Porter yesterday ordered the suspension of Assistant Sanitary Inspector George Mackenzie. He declined to give any reasons for his action, except to say that "grave charges" had been made against the official.

Announcement of the suspension in the City Council last night took some of the aldermen by surprise, and was the cause of a bitter passage between the Mayor and Ald. W. J. Sargent, chairman of the Health Committee. Ald. Sargent assailed the Mayor for breaking a pledge with his committee. He asserted that the Mayor had agreed to hold a private investigation before taking action of any kind. He charged the Mayor with "persecution" of a public official by denying him an opportunity to defend himself.

"I have no apology to make," the Mayor declared. "I will not sanction a private investigation."

The Council finally received and filed a letter from the Mayor, announcing suspension, and set Friday afternoon as the time for an investigation into the "mystery charges."

"I am sorry this letter came up," said Ald. Sargent. "To me it is a distinct violation of an understanding between members of the Council. Last Friday, on my way upstairs to a meeting of the Streets Committee, I was told that Dr. Price, the Health Officer, wanted to see me. I went at once to his office, and the doctor made some statements to me regarding Mackenzie, and I said I would see the Mayor. I took the matter up with members of the Council following the Streets Committee meeting, and the understanding was that a private investigation should be held into complaints against Mackenzie's conduct. Today is the first day I have had a chance to do anything. When I tried to get somewhere I found that Mackenzie had been suspended by the Mayor. Well, I think I have said enough to show the peculiar situation. I hope the Mayor will give some justification for his action."

Challenges Mayor
Ald. Andros said the matter should not be discussed by the City Council. "Didn't the committee ask unanimously for Mackenzie's resignation?" asked the Mayor.

"No," retorted Ald. Sargent. "Well, you're mistaken," the Mayor replied. "Dr. Price wanted to demand his resignation."

Ald. Atken objected to seeing a man "dragged down" without an investigation. "You, Mr. Mayor, objected to that sort of thing when the Police Commission wanted to fire the detectives without an inquiry," declared the alderman.

"You are quite wrong; there were no charges in that case," Ald. Dewar said his understanding was that Mackenzie would be given an opportunity to resign. Failing that, an investigation would be held. He had not anticipated suspension.

"I have no apology for my action," said the Mayor.

Ald. John Harvey favored a quiet conference in the Mayor's office. "What's the use?" asked Ald. Sargent. "A conference was all arranged, and we reached a distinct understanding. Then the Mayor makes a public dismissal."

Ald. Hordley made a spirited defence of the Mayor, holding that he had acted within his rights. "I want to say emphatically, Mr. Mayor, that I suggested that Mackenzie be suspended, and you got no support," said Ald. Sargent.

"This isn't the first time we have had complaints," said the Mayor. "We can have a full investigation by the whole Council, say Friday afternoon."

Tries to Silence Alderman
This was agreed upon. Ald. Sargent was not satisfied, and he sprang to his feet again.

"You have practically taken this matter into your own hands," he exclaimed. "You have—"
"You're out of order," interrupted the Mayor.

"I take your word for it, but how am I out of order?" demanded the alderman.

"The matter is disposed of," retorted the Mayor.

"No, it's not," contradicted the alderman, who asked the privilege of making a statement. The was granted, and he again assailed the Mayor for breaking his agreement. "Why did you do it?" That's what I want to know, although I expect no answer," he cried. "I want a fair investigation."

"Well, you don't show it," the Mayor declared.

"You made an agreement and then publicly break it," charged Ald. Sargent. Investigation is one thing; persecution is another. I don't care one iota for this man Mackenzie, but he is a white man and should be treated fairly."

"He will be," said the Mayor.

"You are acting without any formal complaint," the alderman went on. "You could do nothing in the petty courts with such a case."

"So far as I am concerned, no private meeting will be held," stated the Mayor with finality.

APPOINTMENT TO
HEADQUARTER STAFF

Captain George Hornsea has been appointed District Auditor for Military District No. 11, according to an announcement made by the Civil Service Commission and the Department of Militia and Defence. Captain Hornsea wrote an examination for the position, and out of a large field of candidates he was successful in securing the appointment. He is at present the assistant to the Civil Service Commissioner of the Province.

The new district auditor has a good war record. Captain Hornsea took an active part in the South African war, where he rose from the ranks to the post of captain. In the late war he served in Canada and in France with the Canadian Army Pay Corps, while he was given a number of important administrative positions in the pay departments of various units in Military District No. 11. These included Clearing Depot, Special Service Battalion, Casualty Unit, 23rd Battalion and the Canada Defence Force.

PRESIDENT PARDONS CONVICTED SOLDIERS

LEAVENWORTH, Nov. 8.—Five former American soldiers convicted in Coblenz, Germany, by a court-martial of the murder of Capt. Gilbert Lammont, of the British army, today left the federal prison here, pardoned by the President.

From the federal prison the five men were taken to the United States disciplinary barracks, on the Fort Leavenworth military reservation, where they were re-enlisted in the army, given honorable discharges and back pay from the time of their arrest in Germany.

City and District in Brief

Amalgamation Committee.—A meeting of the Provisional Amalgamation Committee, which is carrying on the operation of the Amalgamated Veterans' Association, meantime, will be held in the G.W.V.A. rooms, Bastion Street, at 8:15 o'clock tomorrow night. Delegates are especially requested to note the time of the meeting and to be on time.

President Takes Table.—The Gyro Club, at its monthly meeting last Thursday, gave its endorsement to the plan of the G.W.V.A. to put on a carnival at the Old Drill Hall, Mendez Street, on Armistice night. President Beckwith is taking a table. The proceeds, after expenses have been defrayed, will be used for the relief of veterans and their dependents.

Fined Under Motor By-Law.—G. M. Hubbs was fined in the sum of \$10 by Magistrate Jay in the City Police Court yesterday for failing to stop his motor car behind a street car standing on Douglas Street for the purpose of taking on passengers. The defendant explained that he had only lately come from the Old Country, and was not yet altogether familiar with the traffic regulations.

Friendship Club Dance.—With a very large attendance and an exceptionally good musical programme furnished by Perry's orchestra, the Friendship Club held a very successful dance in K. of P. Hall on Saturday last. The committee wishes to announce that its next dance on Saturday will be in the form of an Armistice dance with special attractions.

Asks Members to Attend.—A letter from the Ministerial Association asking the Gyro Club to support the prayer meeting to be held on Friday night in the Metropolitan Methodist Church in connection with the disarmament conference, reached President Beckwith too late to be read at yesterday's luncheon. He requests that as many as possible of the Gyros attend.

S. B. Workers to Meet.—The regular weekly session of the Teachers' Training Normal Class will be held in the First Presbyterian Church to-night at 8:15 o'clock, when subject will be "The Art of Asking Questions" will be given by Mr. Aubrey Hoyle, director of religious education. All members of the class are expected to attend.

Not a Candidate.—Ald. Todd issued a statement yesterday confirming his previous assertions that he would not be a candidate for the mayoralty. "If I do offer myself for anything it will be simply as an aldermanic candidate, and, as usual, entirely independent of any of the clique, factions or other individuals connected with municipal politics."

Should Free Delinquents.—The City Council last night declined to endorse the plan of the British Columbia Association for the establishment of an industrial school for youths convicted of first offense crime. "Let them go free," declared Alderman Lindsay. "I don't believe in herding them in bums among other criminals. They will be good citizens if we trust them. Let them go free."

Buy City Bonds.—The City Council last night agreed to accept the offer of the Royal Financial Corporation to sell City of Victoria 4 1/2 per cent bonds due 1925 at \$1.15 and accrued interest, and \$500 City of Victoria 4 per cent bonds, due 1928, at a price of \$1.15 and accrued interest. Ald. W. J. Margaret, who presided, said he would draw as chairman of the Finance Committee, could not see any advantage in the transaction.

Successful Card Drive.—Fourteen tables were taken last night at the military "Red Hundred" tournament held by the Women's Auxiliary to the Veterans of France, in the club quarters, Douglas Street. The prize winners were: First, Mrs. Logan and Mr. Struthers; second, Mrs. Bainty and Mr. Guppi; special prize, Mrs. Tidgard. Refreshments were served by a committee composed of Messrs. Simpson, Ward and Taylor.

Expecting Certificate.—Baughn has applied to the Inspector of Municipalities for a certificate for the purpose of proving the passage of the water extension by-law recently endorsed by the ratepayers. The thirty-day period within which protest must be lodged is expected this week, and the certificate is expected to be issued.

Girl Guides' Party.—A most successful fancy dress party was held last Saturday night by the Third Victoria Company (Girl Guides (James Bay), at Stadacona Park. Over fifty Guides and friends were present during the evening. Great amusement was afforded by looking for a paper popping corn and firing crackers. Supper was served at 9 o'clock, and dancing continued until 11, when a very happy band of Guides left for home.

Chinamen Taken in Raid.—In a raid on premises in cabin 14, Theatre Alley, two Chinamen were arrested last night.

ECZEMA ON FACE AND HEAD FOR FIVE YEARS

Eczeema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is only one way to get relief and no remedy like

BURROCK BLOOD BITTERS

Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing.

Mr. J. Beak, 215 Princess Ave., Vancouver, B.C., writes: "Having suffered with eczeema on the face and head for five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burrock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blemish on my face. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint."

B. B. B. put up only by The T. M. Burns Co., Limited, Toronto, Ont. (Canada)

night at midnight by Detectives Phipps and Siciliano and booked on a charge of being in possession of opium. One Chinaman, Joe, is alleged keeper of an opium den; the other, Sam, as being an inmate. Two complete "lay-outs," including pipes, lamps and drugs, were taken. The pair will be arraigned in the Police Court this morning.

County Court Day.—His Honor Judge Lampman sat in the County Court yesterday for the purpose of assigning dates to the actions coming on for trial before him this month. Some difficulty was experienced in finding room on the calendar for several of the trials, the shortage of available dates being caused by the fact that all next week will be taken up with the sessions of the Court of Revision of the federal voting list, in which Judge Lampman will preside.

V. W. Brotherhood.—The Victoria West Brotherhood will hold its annual banquet and entertainment tomorrow Friday night in the Empress Hotel, Victoria West. The Western Star Dramatic Society will present a play, "The Heart of the Matter," in addition to the other features of the programme. Mr. George Guy and Miss Jones will sing between the acts tomorrow night, while a dance will follow the play.

Judge Belle Home.—His Honor Judge P. S. Lampman has just sold his residence at 1620 York Place to Mrs. W. H. Armstrong, formerly of Ottawa. Judge Lampman will occupy the house until March 1, when Mrs. Armstrong will take possession. The house is a new house on the Keefe property, Pemberton Road, which he has bought.

The Sale.—The sale of Judge Lampman's house was negotiated by Messrs. Wise & Company, Limited, 109 Pemberton Building.

V. P. Parliament.—The third session of the Victoria Parliament will be held tonight at 8 o'clock, in the First Presbyterian Church school room, under the auspices of the Victoria People's Parliament of the Church. A new speaker will be elected, a speech from the Throne read, and several bills on subjects of unemployment and one-man cars will be introduced and considered. All young people in the city are invited to be present tonight.

Elk Swimmers' Dance.—The second dance of the winter season to be given by the Elk Amateur Swimming Club, will be held tomorrow night in the Elk Club quarters. Osgood's three-piece orchestra will provide the music. A buffet supper will be served at 11 o'clock. Invitations may be obtained from the following committee members: Mr. Stock, chairman; Mrs. Fred Spencer, Fred Mincey, Warburton, Rutledge, Ross, and Messrs. Dillabough, Woods and Stewart.

No Concessions.—There seems to be an erroneous impression that the Industrial Committee is offering free sites and other concessions to new industrial enterprises. We are doing nothing of the kind, stated Alderman John Harvey, chairman of the Industrial Committee of the City Council last night. The Council referred to the committee last night a letter from the "Canadian Manufacturers' Association, asking it to consider the interests of existing establishments before inducing outside competitive concerns to locate here.

Naturalization Application.—The naturalization application of Toyjro Nakamoto, Japanese fish broker, of Tofo, was heard by His Honor Judge Lampman in the County Court yesterday. Mr. H. A. Beckwith appearing for the applicant. Nakamoto testified that he had lived in British Columbia since 1911, and that he was born in Nushima, Japan, on November 30, 1893. The application, together with the recommendations of the learned judge, will be forwarded to the Dominion Minister of Justice for final action.

Yarrows, Ltd., Dance Tonight.—Yarrows, Ltd., have arranged a completed final arrangements for their first dance of the season at the Alexandra ballroom tonight. Mr. Palliser, who presided at the assembly of tickets that have been sold, and also adds that the committee has worked unceasingly to make this affair one of the best of its kind to be held this season. The musical programme will be in the hands of Mr. Heaton. The catering has also been carefully arranged, which leaves no doubt that a very enjoyable evening will be assured to everyone.

Appeal for Tobacco.—An appeal is being made for contributions of tobacco and cigarettes for the returned soldiers who are in the mental home on Wilkinson Road, suffering from shellshock and other war injuries. There are twenty patients, many of whom won decorations overseas. These men so far appear to have been overlooked, and those wishing to assist in bringing good cheer to them on Armistice Day are asked to send their donations to Mr. T. Tebbutt, at the Veterans of France rooms, Douglas Street, at once.

Girls' Corner Club.—The club will meet as usual in the O. P. Hall, Douglas Street, where supper for business girls will be served at 6:15 p.m., to which newcomers to the city are especially invited. After a short musical programme, Mr. H. Waters, who has been for many years a missionary in Central Africa, will give an address and show some interesting slides illustrating his lectures entitled "Wild Rhodesia." Members are reminded to bring in contributions for the sale of work to be held in the clubrooms on Thursday, November 24, the proceeds of which will be for the relief of the poor.

Equimark Board of Trade.—Mr. R. H. Pooley, M.P.P., was chosen president of the Equimark Board of Trade at a directors' meeting of the organization last night. Mr. R. Lang presided over the gathering, which took place in the Ballroom Club. The other officials appointed were: First vice-president, Mr. Robert C. Lang; second vice-president, Councillor Geo. Wise; secretary, Captain R. P. Macdonald; treasurer, Mr. William Harper. It was decided to call a general meeting of the Board within two weeks. Application forms for membership may be obtained from the secretary or any other director of the club.

Furniture Dealer Fined.—Mrs. Isabelle Tymley, a second-hand furniture dealer, of Port Street, was fined in the sum of \$12 by Magistrate Jay yesterday for not reporting to the police the purchase of an ingenually watch. Evidence was given by one of

the boys recently before the magistrate in the Juvenile Court that he had sold the watch to the defendant for \$1.50. The defendant brought a woman witness to show that the boy did not sell, to defendant, but to witness. Police evidence was to the effect that the defendant had not properly complied with the municipal regulations as to the report of sales and purchases. Magistrate Jay warned the defendant that the regulations, which were framed for the purpose of preventing the traffic in stolen goods, must be complied with.

Looting of Wrecked Car Alleged.—The trial of Joseph J. Martin, charged on remand before Magistrate Jay with attempting to steal an auto battery and one rubber auto mat, the property of the Tourist (Drive Yourself) Auto Livery Company, began in the City Police Court yesterday. Mr. R. C. Lowe appeared for the defendant, who pleaded not guilty. Police Sergeant Boulton testified that he saw the accused looking in at the open door of a wrecked motor car on Humboldt Street last Saturday, and that he afterwards found the mat in defendant's own car, which was drawn up across the street. The defendant entered a general denial of any wrong doing, and brought eight witnesses to testify to his previous good character. An adjournment was taken until next Thursday, when further evidence for the defence will be adduced.

TALKS TO KIWANIS ON WORLD PROBLEMS

Dean Quanton Declares War Will Not Have Failed if Safety and Peace of Universe Is Established

A stirring appeal to his fellow Kiwanians to be optimistic over the results of the coming disarmament conference in Washington, to help in any way to preserve the peace of the world and prevent the sacrifice of those who fell in the war from being in vain, and by thought, influence and goodwill to solidify the international application of the morality of the Christian faith, was made by the Very Rev. Dean Quanton in delivering an "Armistice Address" before the Kiwanis Club yesterday at their regular weekly luncheon at the Dominion Hotel.

Dean Quanton paid tribute to the memory of those who lie in Flanders fields. He said we would be recreant if we did not express our gratitude to those who fell in fighting for the principles of truth, justice and righteousness. At the close of the meeting the large audience stood in silence, paying a mark of respect to those who laid down their lives during the great struggle.

The Man in the Street
The speaker referred to the man in the street who said, "I don't want to think of war any more. I was a fool to go, and please don't speak of it again." He continued that that man spoke for us in our pessimistic mood. "Think of the great heritage that we have to sustain. Is not the preservation of our glorious liberty worth the noble sacrifice that has been made?"

FREE

A Generous Vial of

Corson's Exquisite "Karessa"

In order to interest you in our Made-in-Canada Week, we have made arrangements with the druggists listed here, so that you may receive with every 50c purchase of Corson Toilet Requisites a dainty frosted bottle of our delightful new odor, "Karessa Perfume," FREE.

We believe you will gladly support these druggists in their efforts to feature worthy Canadian products. All this week, they have agreed to sell you Corson Toilet Requisites on the money-back-if-not-satisfied plan.

Are you a user of imported toilet articles? Will you give us the opportunity to convince you this week that our Canadian-made requisites are equal in quality to the best imported?

CORSON'S
Made-in-Canada Week

made?" the Dean asked. "Picture us under the heel of the ex-tyranny, and what would we be like now? If, as a result of the war, there is a plan devised by which the peace and safety of the universe are guaranteed, then I declare that the Great War was worth while," the speaker went on.

In speaking of the disarmament conference, the Dean stated that immediate total disarmament cannot be hoped for. A partial disarmament cannot be expected. The whole question cannot be successfully considered with a spirit of lofty idealism, but with the simple principle that nations cannot afford the great burden of armaments.

Washington Conference
The approaching conference must not be viewed without the expectation of good things resulting from it, but extravagant results cannot reasonably be looked for, the Dean said. It will not eliminate all the causes of war, but should lessen them. Nations will not necessarily be restrained from fighting because there is a shortage of armaments, the speaker asserted, pointing out that France attacked Germany in 1870, although she was not well equipped with the implements of warfare.

Dean Quanton spoke of the League of Nations, which, he said, had done splendid work thus far and had more than justified its existence. He declared that it was unfortunate that America and Germany were not members of the big family of nations, so that the functions of the league could be carried out. "The promising aspect of the whole affair is that as never in the history of the world men on this planet are developing their energies to preventing the occurrence of any further wars of aggression," the speaker said.

"Modern events are leading us to the League of Nations," said the Dean, who briefly outlined what the league had accomplished to date. We require something more than patriotism in these days, as 25th Cavell said. We must be super-patriots, loyal to Canada and to the Empire, and we must be merged in a larger imperialism, in the super-nationalism of humanity," he continued.

The speaker dealt on the prejudices existing between oriental and occidental powers. He told of nations which dillied Japan and would not trust her. On the other hand, Japan had need of markets and was anxious to stretch out further than ever. "I am not an alarmist, but I wish to say that unless the League of Nations functions, we are moving towards war. I don't say we will have war, but if it should come, there is every possibility of civilization being wiped out. Remember what Viscount Bryce said: 'If we don't make an end of war, war will make an end of us.' There is wisdom in that statement."

"The reason why the man in the street believes the peace negotiations are bound to fail is because he has not faith in the ultimate goodness of God. There is a widespread plague of cynicism and despair. History, though, is an excellent cordial for drooping spirits. As General Smuts said: 'The tents are struck, the caravans are on the march.' We should get a vision of international peace and goodwill, leaving the past behind and looking forward with confidence to the future, hoping to win the blessing and favor of the great Peacemaker," Dean Quanton said in conclusion.

GROWING children need to be watched carefully for constipation, biliousness, feverishness, etc., for these so often turn into serious ailments. Miss Gertrude Steeves of St. Steven, N.B., and her baby sister found no relief until the mother heard of Dr. Caldwell's Laxative Syrup Pepsin and gave it to them. Now Miss Steeves writes both are well and all in the family use it.

DR. CALDWELL'S LAXATIVE SYRUP PEPSIN FOR CONSTIPATION

Bring a bottle of Dr. Caldwell's Laxative Syrup Pepsin into your home. A dose costs less than a cent. The formula is on the package, a vegetable compound of Karystin Sena, and other simple but wonderfully effective laxative herbs with pepsin.

HALF-OUNCE BOTTLE FREE

Free capsule constipation, or even if you do not require a laxative at all, send for a Half-Ounce Trial Bottle of our Laxative Syrup Pepsin. FREE OF CHARGE. Send your name and address to Dr. W. M. Caldwell, at 1001 Street, Bridgeport, Ont. Write me directly.

DISARMAMENT WAS SUBJECT OF ADDRESS

Excellent Speech Delivered at Fortnightly Luncheon of the Kumtiks Club Yesterday by Mrs. H. U. Knight

"The Conference on the Limitation of Armaments" was the title of an exceptionally fine address delivered yesterday by Mrs. H. U. Knight, at the fortnightly luncheon of the Kumtiks Club. The speaker dealt with the subject in a very masterly manner, bringing home to her listeners the main point at issue most explicitly. In her address Mrs. Knight touched upon the methods undertaken by women in endeavoring to strengthen the governments in their desire to disarm. "I should like," continued the speaker, "to see all the women of Victoria taking their stand to support this movement for the limitation of armaments and so help to reconstruct not only our own Empire, but the whole world, so that peace may be established on a sure foundation. It can only be done by international co-operation, but we can begin just where we are and take our stand to support this movement." Mrs. Knight also extolled the Great War Veterans' Association in its favor of limitation of armaments or total disarmament.

"The Poppy Lady of France," Madame Berneron, was a guest at the luncheon yesterday and explained the relation of Poppy Day and its celebration on Armistice Day. November 11. Madame Berneron made a very touching appeal to Canadian women to support the movement undertaken by the G. W. V. A. in introducing the sale of poppies on that day.

The club has voted the sum of \$25 towards the Britannia Relief Fund, and an announcement was made that the next business meeting will be held in the Alexandra Club next Monday evening at 8 o'clock. His Honor the Lieutenant-Governor has extended an invitation to the members of the Kumtiks Club to attend the forthcoming lecture to be given by the famous Canadian poet, Bliss Carman.

FINAL CLEAN-UP FOR MEMBERS TODAY

Chamber of Commerce Team Workers Meet With Directors at Luncheon—"Perfect Package" Campaign Aid

Preparing for a final clean-up drive for members' canvasses for the Chamber of Commerce will set out this morning at 9:30 to bring in the prospects of the doubtful "you-later" variety. It is expected to terminate the campaign before the end of the week.

Mr. Lynn W. Mowatt, of the American City Bureau, who supervised the early strategy of the campaign, has returned to San Francisco. He expressed himself well satisfied with the progress of the campaign and with the activities of the Chamber of Commerce generally.

Team workers will meet with the directors of the Chamber at a luncheon to be held today at 12:15 in Spencer's lunch room.

The Chamber of Commerce has been asked to co-operate with the railways of Canada and the United States in a continent-wide effort to stimulate greater universal interest in good packing of freight shipments. November has been selected as the "perfect package month" during which an active campaign will be conducted to induce all shippers by freight to give their attention to the manner in which their goods are packed, the kind of containers used, and to marking. The Railway Association of Canada, in a letter to the Chamber, declares that the campaign is of great public interest for the reason that it has a decided bearing on the safe and expeditious movement of traffic. A carrier cannot give good service and eliminate loss and damage unless shipments are packed right and marked right. In the last analysis the public pays the bills. During the present month railway agents will report to shippers, exceptions noted in shipments offered. These exception reports will contain valuable information in sufficient detail to enable the shippers receiving them to take such measures as may appear necessary.

AMERICANS HAVE FISHERY CORNERED

Halibut Trade on British Columbia Coast Is Centred in Seattle—Boats All Baited in This Province

One instance where Vancouver Island is losing its proper share of the fruits of industry is found in the halibut fishery of the British Columbia coast. This industry, though prosecuted off the coast of this Province, has its centre at a foreign port and is conducted almost entirely by foreigners. The halibut caught off the coast of Vancouver Island, with the exception of what is used in the local markets, is carried to Seattle and shipped from there. The American boats clear from Seattle and come to Kildonan and Tofino, Vancouver Island, for their bait.

It is said by local fishermen that much of the fish caught by these boats is secured within the three-mile limit. This halibut catch is not brought to the natural points of shipment in British Columbia but is taken to Seattle, the headquarters of the trade, and sold from there. In one year 434 fishing vessels which cleared from Seattle for Vancouver Island or Pacific coast ports took on bait at Kildonan and Tofino. This trade in

The Supreme Luxury of Beauty

GENUINE antique furniture is not possible for every family. There are not enough of those beautiful, old, hand-made tables and chairs, those exquisite cabinets and bureaus, those dignified sideboards and bedsteads, designed by master craftsmen, to go around.

But modern adaptations of these masterpieces are now made in wonderful modern Canadian factories, so that they cost but a fraction of the prices asked for genuine antique originals, though endowed with exactly the same beauty.

The sense of comfort, dignity and satisfaction which comes from good furniture is one of the genuine

luxuries of life. Why be satisfied with less? Why not have your rooms attractive? What is there more worth while than the happiness of home life? Beautiful furniture makes for happiness. Beautiful furniture is within reach of everybody to-day. Go to your local furniture store and see what attractive furniture is being offered. It will be a pleasure for you, even if you don't intend to buy now.

The dining room suite shown in this advertisement is made in Canada and can be supplied by your local dealer. It is in the Italian Style with modern adaptations.

The Home Furnishings Bureau, Bank of Hamilton Annex, Toronto, Ontario,

NOTE—The Home Furnishings Bureau does not sell furniture or goods of any kind. Its object is to increase the interest of the Canadian people in the furnishing of their homes. Your local dealer will be pleased to give you any information you desire about suitable furniture for your home. This is one of a series of advertisements appearing in Canadian newspapers, showing suites of Canadian-made furniture. Send 10 cents (to cover carrying charges) to above address for portfolio containing complete series.

The Safety Car —A Step in Efficiency

WHEN any concern or individual introduces methods or tools more efficient than those which have been in use, that concern or individual is up to date.

Because of the inevitable trend towards efficiency, 400 cities on this continent now have more than 5,500 safety cars.

We have waited in order that the safety car might be thoroughly tried and proven as means of transportation, and by adopting it now we shall be in line with all other progressive systems.

Our safety cars will be the latest in efficiency and safety. Automatic door and step control will be fitted to them. "Dead man" control will be fitted to the motor controller. Because of these and other automatic features, the need of a second man on each car will disappear; they will be "safety" cars in every sense of the word.

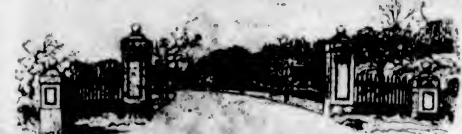

Safety cars fully justify their name as preventers of accidents through the inter-operation of control, brakes, doors, sander, steps and emergency brakes.

In hundreds of cities, as we have said, they have demonstrated their efficiency, and the public has voiced its satisfaction.

MONTHLY MEETING OF ORPHANS' HOME

Sixty-Two Children in Local Institution—Mrs. Andrews Resigns from Ladies' Committee—Donations

The regular monthly meeting of the ladies' committee of the Protestant Orphanage Home was held yesterday afternoon at the home, with Mrs. McTavish, the president, in the chair. The following members of the committee were present: Mesdames Hammond, MacGregor, Cameron, Hise, Andrews, Bradshaw, Sayward, Fraser, Beard, Sherwood and Miss Newbury.

Mrs. Sayward and Mrs. Spencer, the visitors for October, said that there were sixty-two children in the institution, thirty-four being boys and twenty-eight girls. Two children left the home during the month. Dr. F. M. Bryant had sent sixteen children to the Jubilee Hospital to have minor operations performed.

A Halloween party was held on Saturday night, October 29, when the kiddies had a very fine time. Miss McIntosh assisted the children to make cakes and baskets, games were enjoyed, and Mrs. and Miss Duckworth presided over the music.

Mrs. Andrews, who has been a valued member of the committee for twenty-three years, resigned yesterday. Her heart, however, is still in the work, and she thanked the members of the committee for their kindness to her all these years. The president expressed the sorrow on losing Mrs. Andrews from the committee. Bills amounting to \$187.47 were paid during October.

Donations Received

The following contributions are gratefully acknowledged: Mrs. Scott, jam; Mrs. C. C. Tunnard, jam; Mrs. Bradshaw, six quart jars; Mrs. Durand, one sack apples; Major Langstaff, clothing; St. John's Church, apples and vegetables; Mr. Rine, Veterans, sack peanuts; Mr. J. E. Wilson, four boxes apples; Cloverdale, 100-lb. sack sugar; Mrs. Mulliner, clothing; Normal School, sandwiches; Mrs. G. W. Wyman, two boxes apples; Vancouver and Quadra Lodge, No. 2, sandwiches; St. James' Church, apples and vegetables; L.O.L., No. 16, ten cakes, apples and vegetables; Mrs. J. A. Mair, jam; Mrs. W. B. Deaville, tea; Mrs. E. Parsons, sugar; Mr. C. King, sack apples; Mrs. Armstrong, clothing; Kivianians, cake; Mrs. W. F. Salisbury, Gordon Head, five boxes apples; Bayley's Grocery, groceries; Grace English Lutheran Church, apples and vegetables; St. Paul's Church, Esquimalt, apples and vegetables; Ministerial Circle, King's Daughters, two garments; Mrs. Lewis, clothing; Mr. G. Allan, salmon fish; Majestic Council, Royal Arcanum, cake; Rotary Club, four pictures; Tighe & Wheeler, sandwiches; Victoria College, Craigdarroch, cake; sandwiches; High School Teachers' Association, cake and sandwiches; High School Parent-Teachers' Association, bread; The Home Bakery, two hundred loaves of bread; Mrs. J. B. McKinnigan, sack apples; St. Luke's Church, Cedar Hill, apples and vegetables; Mrs. Colonel Peters, sack apples; W. A. of St. Mark's, cake and sandwiches; St. George's School, books, clothing, groceries, cash \$17.95; Mr. Hayward, two pairs children's boots; Mrs. Fraser, clothing; Mrs. W. G. Cameron, apples, quilt; David Spencer, Ltd., a heating plant to replace the present one; Evans, Colman & Evans, tiling for floor in front of the Canadian Puget Sound Lumber Co., 1,600 feet of flooring; Moore-Whitington Lumber Co., lumber for sundry repairs at home; Mr. Sayward, twenty-five cords wood; Professional services, Dr. Bryant and Dr. Lewis Hall; The Colonist, The Times.

CANADIAN ORANGEMEN PLAN EXTENSIVE TOUR

OTTAWA, Nov. 8.—A great tour of Canadian Orangemen and their friends, comprising a visit to Belfast, Ireland, for the twelfth of July celebration, a visit to the Canadian battlefields in France and Flanders, and tours to historic spots in England, Scotland, France and Belgium, is being planned for 1922, states R. H. McDonald, secretary of the Forward Movement of the Grand Orange Lodge of British America, whose headquarters are at Ottawa.

The party will have a liner at its disposal. They will sail from Montreal in July and will directly in Belfast on July 11, in time to see and take part in the great Orange demonstrations on July 12.

Coffee drinking has increased 21 per cent as the result of prohibition.

LADIES! LOOK YOUNG DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhance its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store, a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger. (Adv.)

SOCIAL AND PERSONAL

Mr. and Mrs. J. C. McLeod, of Vancouver, are visitors in the Capital.

Mr. and Mrs. Shale, of Koksilah, are spending a few days in this city.

Miss Eileen Morton, of Vancouver, is a visitor to this city.

Mr. John Musgrave, of Victoria, spent the week-end at Duncan.

Colonel and Mrs. C. B. Woranop are leaving Vancouver this week to make their home in this city for the future.

Mr. H. J. Musket, accompanied by his son, has returned from spending the week-end at Duncan.

Mr. and Mrs. George T. Smith, of Vancouver, were week-end visitors in the Capital.

Dr. Butler, of this city, who has been spending the week-end in Vancouver, is expected to return today.

Mrs. John A. Turner entertained at her home, "Balgrogan," The Uplands, yesterday afternoon with three tables of bridge.

Mr. and Mrs. George T. Smith, of Vancouver, have been spending the week-end in Seattle, are expected home today.

Mr. and Mrs. Frank White, of Vancouver, have as their house guests Miss White and Miss Dubleton, of this city.

Miss Ruth Cochrane, of Linden Avenue, has been the week-end guest of Mr. and Mrs. Gordon Smith, of Medina Street.

Miss Sybil Mackenzie, of this city, is spending a few days in Vancouver, and while there is the guest of Miss Jean Hockin.

Mrs. Will Spencer, of Victoria, and Miss Laura Eng, also of this city, were among the guests at the Vancouver Rowing Club on Saturday afternoon.

Mr. and Mrs. Higo Reiss have returned to Victoria from a trip abroad, and will leave tomorrow, accompanied by their children, for their home in China.

Mrs. George, of Clarendon, St. Charles Street, who sustained severe bruises as a result of a motor accident last Sunday, and is now a patient in the Jubilee Hospital, is making very favorable progress.

Mrs. C. C. Beaton entertained the members of the Five Hundred Club yesterday afternoon at her home on Beach Drive. Among the players were Mrs. Bowser, Mrs. Wason, Mrs. Prior and Mrs. F. D. Little.

The many friends of Mrs. H. J. Musket will be pleased to hear that she is progressing favorably after the severe operation she underwent yesterday morning at the Jubilee Hospital, according to a report received late last night.

Miss Eva Hart is leaving today for Rummerville, B.C., to sing at a concert being given there on Friday evening in aid of the hospital. She is returning to town on Sunday. During her stay in Rummerville she will be the guest of Rev. and Mrs. Solley.

Miss Walden, matron of the Aged Women's Home, was one of those who went for a holiday beyond the recently collapsed Rooke River bridge a couple of weeks ago. She returned by the Rooke stage from Otter Point yesterday, crossing the river by ferry after climbing up and down the embankments on either side.

Colonel and Mrs. A. E. Hodgins entertained last Saturday evening at their home on Fairfield Road with a dinner, followed by a dance in honor of their daughter, Miss Peggy Hodgins. The dinner guests included Admiral and Lady Pears, Miss Dorothy Dunn, and Messrs. Beech, Ridgway Wilson and R. P. P.

Mrs. C. A. Lombard, Collinsan street, returned from Portland, Oregon, where she went some time ago to be with her daughter, Mrs. C. Lamont, who was then in ill-health, but is now convalescent. Mrs. Lamont will be remembered as Miss Edith Lombard, the soloist who a few years ago so often charmed Victoria audiences with her sweet contralto voice.

The Literary Society will meet tomorrow at the home of Mrs. B. S. Heisterman, 915 St. Charles Street, at 4 p.m., for the third of a series of lectures by Major Bullock-Webster, the subject being "Plays and Players" or "Snapshots of the Drama." Dramatic readings from plays of different periods will be a feature of the meeting. Mrs. George Bushby, who is in the hospital suffering from the effects of a motor accident, will not be able to take the part of Lady Teazle and Sophy, as originally intended, but Mrs. F. G. Aldous has most kindly undertaken to read these exacting parts, though at such very short notice. The programme will include: The Quagrel scene from Sheridan, but "School for Scandal"; the Bedroom scene from Pinero's "Gay Lord Quex," and an extract from one of George Bernard Shaw's latest plays now being performed in London. In the latter there is some sparkling dialogue between Queen Elizabeth and Shakespeare, who meet in the Tower without knowing each other's identity. Mrs. Harry Allan Ross has very kindly lent her beautiful home on Hunnymede Avenue for the next lecture of the series.

Miss Anna Nelson is paying a visit to relatives in the Kootenay district.

Miss Gladys Guy spent Thanksgiving Day with her parents at their home on Clark Avenue.

Mr. and Mrs. H. A. Ross returned to their home in the city after spending a week with Mr. and Mrs. Butchart at "Benvenuto."

Mr. and Mrs. James Fairall and Mr. William Fairall, of Victoria, spent the holiday with Mr. and Mrs. J. W. Sluggitt.

Friends of Mr. Charles Mayher will be sorry to learn that he is still in the hospital. Little change is noted in his condition.

Mrs. R. W. Sluggitt and daughter Madeline were the guests of the former's sister, Mrs. Wason, of Victoria, on Saturday.

Mr. Richard Butler, son-in-law of Mr. and Mrs. Hayward, left for Los Angeles on Saturday last. Mrs. Butler and son will remain here for the present.

Messrs. R. Pitzer and A. Rayburne were among the hunters who chose this locality as a likely place to secure a few pheasants on Thanksgiving Day. Shots were heard in all directions, but no very heavy bags were noted.

Mr. and Mrs. C. McKensie, of Brentwood, attended the wedding of Miss Mona Wells to Mr. Fordham Kelly, which took place at Christ Church Cathedral on Wednesday afternoon.

Mrs. T. Haggart left on the S.S. President for Los Angeles, Cal., on Saturday last. Mrs. Haggart went south on account of the illness of her sister, Mrs. Wallace, and will likely remain there for several weeks. Miss Helen Haggart will be the guest of Mrs. C. H. Strohm during the absence of her grandmother.

Mrs. Murray, of Brentwood, has returned home after attending the institute conference which took place in Victoria last week. Mrs. Murray has had the honor of being elected as vice-president of the newly-organized board of directors, while Mrs. Henderson Lawrie is president of the same body.

SALT SPRING ISLAND

Mr. Gordon Thompson, who has been the guest for some days of Mr. and Mrs. J. N. Rogers, of Ganges, returned to Victoria on Monday.

Mr. H. J. King, of Lake Crescent, returned to his home on Monday after visiting his brother, Mr. J. H. King, of Ganges.

Mr. and Mrs. George Hampton, of Victoria, have been spending a few days with Mr. and Mrs. Wilson, of Ganges.

Mr. and Mrs. G. C. Mount left on Monday for a business trip to Victoria.

Mr. T. E. Alderman and daughter, of Pultord Harbor; Mr. Webb, Mrs. H. Dewhurst and children, were all passengers by the S.S. Beatrice on Monday.

Mrs. Mount, of Ganges, returned home on Monday after a month's visit to Courtenay.

The funds from the Ganges Social Club annual meet drive in December, will be passed over by a subscription to the Salt Spring War Memorial.

WREATHS WERE MADE FOR SOLDIERS' GRAVES

Lady Douglas Chapter, I.O.P.E., was in session yesterday afternoon. Addressed by Mrs. Gordon.

Eight wreaths were made by the members of the Lady Douglas Chapter, I.O.P.E., yesterday afternoon at the meeting held at the Jones Building, with the First Vice-Regent, Mrs. Willis Deen in the chair. The chapter undertakes the care of eight soldiers' graves, and the wreaths, which were composed of laurel leaves, will be placed thereon for Armistice Day.

Plans were made in connection with the chapter's annual tea held in commemoration of the birthday of the Legislature of British Columbia, and His Honor the Lieutenant-Governor has accepted an invitation to be present at the affair.

Mrs. J. H. Gordon addressed the meeting, and spoke of the lives and work of the soldier settlers throughout the Province.

"Chappie" Coats

A NEW lot of these snappy Coats has just arrived. They are made of a superior quality Duvelyn Velour; have large shawl collars and cuffs of first grade beaverine, and are full silk lined.

These Coats are something new, and, judging by their appearance, will undoubtedly prove to be very popular garments. Come in and see them for yourself.

Many different shades are shown, and all sizes. Specially low priced at only

\$45.00

WEDDINGS

Haugen-Barton

At "Breadalbane," the home of the officiating minister, Mr. Campbell, 1185 Fort Street, a pretty wedding took place last Saturday when E. Lillian Barton, only daughter of the late Mr. Barton, of Liverpool, and Mrs. Knowles, of Meares Street, became the bride of Oscar Haugen. The bride was dressed in a pretty tailor-made suit, and was given in marriage by her stepfather, Mr. W. Knowles. Mr. and Mrs. Rogers, friends of the bride, were also present at the ceremony, after which the bride and groom left by the afternoon boat for California, where they will reside.

Baldwin-Smith

A large gathering of wellwishers assembled in the Garden City Methodist Church on Monday to witness the marriage of Mr. Thomas Bates Baldwin and Miss Elizabeth Alice Smith, both of Stanich. The young couple, who are very popular in the community, have identified themselves there with church interests. Sunday School work, the Young People's Society, and the general welfare of the girls and the boys of the district. Revs. E. B. Glass, B.A., and Dr. W. E. Daly officiated with a brief ceremony. During the earlier hours of the day the young folks of the locality had very tastefully decorated the chapel with available flowers and evergreens.

Mr. Yates, Mr. McPherson, Mr. Fozall acted as groomsmen, and Miss Nellie Smith, sister of the bride, made a pretty bridesmaid. Mr. Isaac Smith gave his daughter away. While the register was being signed a crowd surrounded the entry and lined the walk leading to the highway in order to greet bride and groom with showers of rice and confetti. The happy couple departed for the city, and arrived later in the evening at Mr. Isaac Smith's home where many friends met and a buffet supper was served and a social hour enjoyed.

LEAGUE OF NATIONS EXPENSE ACCOUNT

LONDON, Nov. 8.—The League of Nations states that it is incorrectly announced that Great Britain and its Overseas Dominions are carrying forty per cent of the expenses of the league.

Under the new allocation Great Britain and the Dominions pay approximately 24 1/2 per cent. Great Britain's share is 1,944,000 gold francs, and Canada's share 775,000 gold francs. The assessments against other parts of the Empire are: Australia and South Africa 332,000 each; India 1,448,000 and New Zealand 221,000, all in gold francs.

Making History.

INFANT MORTALITY in past ages has been something frightful, something almost beyond belief, and even today it occupies the time and the mind of leading physicians in all countries. The death rate among infants is being gradually reduced through new methods of hygiene, new preventatives and new remedies for infants. This reduction in the death rate has NOT been accomplished by adapting the precautions taken and remedies used by adults. Rather has it been to keep clear of the old methods, and choose after long research the precautions and remedies specifically applicable to infants.

This being so, is it necessary for us to caution mothers against trying to give her baby relief with a remedy that she would use for herself? Will she remember that Fletcher's Castoria is strictly a remedy for infants and children?

Children Cry For

Fletcher's CASTORIA

Of Course You Love Your Baby.

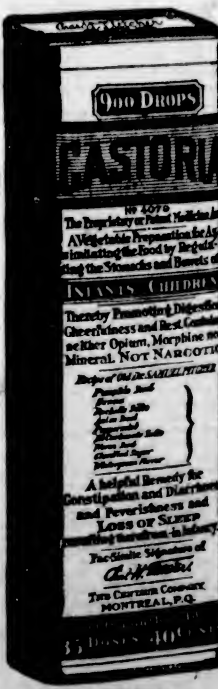

You love it because of its very helplessness, because it can't tell you what is the matter when it feels bad. It can only cry and look to you for help. But the more you love baby, the more you want to help baby, the more you ought to realize what a wonderful remedy Fletcher's Castoria is. It has been used for babies' ailments for over thirty years.

An experienced doctor discovered Fletcher's Castoria especially for babies' use. It is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. Doctors who know what is safe and best for babies have only good to say of it.

Don't neglect your baby. Get a bottle of Fletcher's Castoria and give baby a few doses of it. See how the little one smiles at you as it trying to thank you for helping it. Soon you will learn to depend on Fletcher's Castoria, made just for Infants and Children, and of course you would not think of using anything for them that was not prepared especially for Infants and Children. So keep it in the house.

GENUINE CASTORIA ALWAYS
Bears the Signature of

Chas. H. Fletcher

Takes Pardonment for Friend
FORT LEAVENWORTH, Kas., Nov. 8.—Harry W. Haley, who served with the British army in France, walked out of the Government prison here yesterday a free man, released on special order of the War Department after he had served part of a six

months' sentence for desertion, imposed, so the court-martial at Fort Rieuem, N.Y., thought, upon Thomas G. Jones, but Haley, because Jones had saved his life in France, had taken Jones' name. Impersonated Jones at the trial and had been sent to Leavenworth as Jones.

Refinement

DAINTINESS of costume begins with Mercury Underwear.

Never was underwear so precisely fashioned to preserve the lines of the figure. It fits perfectly, not by stretching but by correct design. The trim is neat. The covered seams cannot irritate. The garments are unshrinkable, and entire satisfaction is guaranteed.

The elasticity, warmth and comfort of soft, fine, pure wool cashmere of finest quality obtainable can be enjoyed in the correct weight for fall or winter.

Tree On Saturna Island Found With Old Surveyor's Mark of 1874

SURVEYOR'S MARK

BURIED IN OLD TREE

Figures "87," Chiselled in Douglas Fir Forty-Seven Years Ago, Found Covered by Foot of Bark

Trees have a very significant place in the history of the British race. Some day the story may be written by a sympathetic historian. In the present instance the reference is purely in connection with matters of almost local interest, and of more scientific and historical than romantic importance. Having heard of the incident, The Colonist got into touch with the Provincial Surveyor's Department, and while the officials there were most courteous in giving all the details of the discovery in question, they intimated that it was but one of many such experiences which are recorded by the men who are engaged in land surveys for the Government. The accompanying picture contains the nucleus of the story. Mr. H. E. White, a B.C. land surveyor of Victoria, was sent out during the past Summer to resurvey certain lands on Saturna Island which had originally been surveyed for the Government in 1874 by Mr. G. Tanner. There have been many new settlers on Saturna Island since that survey of forty-seven years ago, and a more elaborate system of boundary lines had to be worked out by the Government in order to avoid disputes. Where ground has previously been surveyed by the Government the surveyor usually works with the original field notes, which in this instance signified that this particular Douglas fir bore the surveyor's mark. A year or two later the tree indicated the position of the mark, but it was not until nearly a foot of bark had been cut away that the number indicating the distance of the survey point was disclosed. Here, at last, was found the axman's sign, "87," distinct and clear, thanks to Nature's method of preserving it from the usual process of weathering. It is interesting in connection with this particular discovery that another corner of the same survey was found to be marked with a Lea & Perrin pickle bottle, which was found two feet below the surface of the earth. One may be permitted to speculate on the inference which might be made forty-seven years hence as to the exact contents of any bottle discovered under similar circumstances anywhere in British Columbia.

URGES KIWANIS CLUB

TO AID "POPPY DAY"

Mr. H. W. Hart Tells Members of Plans for Armistice Day—Communications Received—Two New Members

Co-operation of the Kiwanis Club was asked yesterday noon by Mr. H. W. Hart, on behalf of the Great War Veterans' Association, in connection with the coming observance which are to be made on Friday next, Armistice Day. The celebration planned includes the sale of poppies on the streets and in the stores, the cessation of all work for two minutes at 11 o'clock in the morning, and the Armistice Carnival, which will be held in the evening in the Old Drill Hall on Menzies Street. The proceeds will be used to alleviate the distress among the unemployed in the city.

Mr. Hart claimed that Armistice Day is the one day in the year that belongs to the ex-service men, those who fell and those who suffered during the late war. Many functions are planned for that occasion, and he hoped that all would patronize the affairs with the right spirit of comradeship, and would show their practical gratitude and appreciation of those who served their country so well overseas.

"The observance of Armistice Day is not only the question of honoring the dead, but it is an opportunity to strengthen the bonds between nations, to concentrate upon the realization of one thought, to prevent further war and hatred, and to substitute in its place the desirable influence of universal peace and brotherhood," Mr. Hart declared.

Several Communications.
A number of communications were read by President Mark W. Graham at yesterday's luncheon. Mr. Walter W. Ballard urged all Kiwanians to attend the Princess Theatre next Friday night, when a farewell reception will be given to Mr. Byron Alden and his wife, who are shortly leaving the city. Mr. Alden is a member of the Kiwanis Club, and members are planning to turn out on Friday in large numbers.

The Connaught Women's Institute wrote the club, asking it to be represented at the Thanksgiving Service for the Fleet at Sea, which will be held next Sunday evening in the Pan-

lagen Theatre at 8:30 o'clock. The invitation will be accepted.

Invitation to Public Meeting

An invitation to be present at the public meeting which takes place on Friday, November 12, by the Dr. O. M. Jones Chapter, I.O.D.E., in aid of the success of the coming world conference in Washington, was received from the Victoria Ministerial Association.

Kiwanians were asked to support the dance which is being given on Friday, November 12, by the Dr. O. M. Jones Chapter, I.O.D.E., in aid of the milk fund. Tickets for the affair may be obtained at Ivel's Drug Store, on Douglas Street.

Several musical numbers were given yesterday. The usual community sing was enjoyed, after which Mr. George Greenwood gave a concert solo. Captain Barrell recited "In Flanders Fields," which was greeted with much applause.

Two new members were welcomed to the club, namely, Mr. Tom Scott, Columbia Paper Company, and Mr. J. O. Jones, manufacturers' agent.

POPULATION FIRST; INDUSTRIES SECOND

President of Victoria and Island Development Association Urges Victoria to Concentrate on Tourist Business

That Victoria should concentrate on bringing tourists here, leaving the matter of industries until the population is increased, is the opinion of Mr. J. Carl Pendray, president of the Victoria and Island Development Association, as expressed to the Gyro Club yesterday in an address on the work of the organization which he heads.

Mr. Pendray presented the Gyro Club with a copy of the literature sent out by the Development Association. One folder dealt with Victoria's advantages as an educational centre, and the cost of living was covered by the local educational institutions.

Indications, said Mr. Pendray, were that the influx of people from the Prairies would be greater than ever before. He told of painting the advantages of this city in such attractive colors for the benefit of the Prairie gentleman that he had come west on a holiday and finally settled here. This same Prairie man had induced other people to come here. The Development Association, through its advertising in Canada, the United States and the Orient, was getting big results, claimed the speaker, pointing out that the association had been instrumental in getting reduced water rates for the Gordon Head district, to which water would shortly be carried from the Sooke system.

Victoria's water was one of her finest assets, declared Mr. Pendray, referring to the poor water obtainable in some parts of the Prairies. The co-operation of the C.P.R. in the matter of publicity for Victoria was dwelt upon by the speaker.

A duet by Gyro Art Minnie, trombonist, and Henry King, saxophonist, a vocal solo by Gyro Harold Beckwith, and choruses by the assemblage were the items on the musical programme for the day.

Death of Edgar Tripp
LONDON, Nov. 8.—Edgar Tripp, formerly Canadian commercial agent in Trinidad, died here yesterday at his seventy-fifth year. He was at one time consul for Sweden and Norway and received his appointment as Canadian commercial agent in 1912. Mr. Tripp, who was senior partner in the shipping firm of Edgar Tripp & Company, was a delegate to various commercial congresses of the empire.

Fifteen Thousand Bottles of "Redmac"

Sold in the Maritime Province

One of the most remarkable sales ever made, "Redmac" The Tonic, has recently struck their high grade vein, which is a widespread average of two hundred dollars a ton across a seven-foot face. The George property at the head of the Bear River is one of the most promising copper-gold propositions in the country. But it will take considerable capital to develop it properly.

MINING PROSPECTS

GOOD IN NORTH

Ore Bodies Seem to Grow in Size and Value as Development Work Is Pushed Into Mountains

(Correspondence of The Colonist)

STEWART, B.C., Oct. 28.—Unusually bad weather has been experienced here for the past few weeks, and quite recently there was the biggest flood on record, which took out most of the Government bridges and cut up the roads in many places.

The Premier mine shipped out recently, by the steamer Anxos, two hundred tons of concentrates, and \$15,000 worth of gold on the steamer George.

Wherever work has been done this season on the mining claims in this district it has been satisfactory. The ore bodies seem to grow in size and value as the work is pushed into the mountains.

The Bush property on the Salmon has recently struck their high grade vein, which is a widespread average of two hundred dollars a ton across a seven-foot face. The George property at the head of the Bear River is one of the most promising copper-gold propositions in the country. But it will take considerable capital to develop it properly.

that this district will be one of the biggest mineral-producing districts in British Columbia.

Work is being pushed on the Silverado mine opposite Stewart, and in spite of the bad weather satisfactory work has been done on the trail.

Free Gold Found

Considerable free gold has been found on the Prince John group, which is a promising copper-gold property five miles from Stewart. On Goose Creek the Fitzgerald brothers have uncovered a large body of good copper and silver-lead ore.

More work than usual has been done on the Marmot River, and some of the owners are still at work on their properties. Most of the large showings have been found since the boom of 1910, when the whole country was blanketed with claims, but little or no prospecting was done.

Slyder, the American town in Alaska, two miles from Stewart, is growing and is a healthy little burg; new houses are going up every week. Everyone in Hyder seems to be optimistic and satisfied that there is a great future ahead. Stewart is the natural town site, with good soil for gardens, and it will yet get a place in the sun.

Producers have been more and more exerting themselves to get into touch with consumers and sell their goods direct; and consumers are combining to deal direct with producers. Both parties to such transactions have profited, and the effect on the cost of living has been marked and salutary. To reduce the high cost of living is one of the most vital problems of our time, because the cost of living is one of the chief factors affecting the cost of production—which all admit is much too high.—London Daily Mail.

Harmless Means Of Reducing Fat

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Harmless means because while perfectly harmless no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. They reduce steadily and easily, with no ill effects. Prescribe them from your druggist at one dollar for a case or send price direct to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich. (Adv.)

V.I.A.A. BASKETBALL

Two Games to Be Played Tonight in Club Gymnasium at Victoria West

Two games of basketball are to be played at the V. I. A. A. gymnasium, Victoria West, this evening. The first game will be between ladies' teams representing the V. I. A. A. and Calgarians, and the men's game will be between the St. Saviour's senior men's team and a mixed V. I. A. A. men's team of senior and intermediate players.

The V. I. A. A. teams will be as follows:

Ladies—Guards, Mrs. J. Andros and

Mrs. Wallace; centre, Miss U. Shakespear; forwards, Miss Audrey Griffin and Mrs. W. H. Dayes.

Men—Guard, N. Kennedy and W. H. Davies; centre, Dudley Johnston; forwards, Billy Huxtable and Les Steele.

JOCKEY BADLY HURT IN MOTOR COLLISION

CLEVELAND, Nov. 8.—Almer Foster, one of the leading jockeys of the United States, in a hospital here suffering from severe internal injuries sustained in an automobile collision Saturday night. He is a brother of Laverne Foster, also a celebrated jockey.

STETSON HATS

JOHN B. STETSON COMPANY PHILADELPHIA

AMATEUR LAWS WILL BE UNDER DISCUSSION

Local, Provincial and Dominion Meetings of Governing Body Will Discuss Admissibility of Change

The local board of the B. C. A. A. U. announces a meeting to be held in the Y. M. C. A. at 8 o'clock tomorrow evening in order to discuss the question of revised laws governing the definition of an amateur. There is a very strong and widespread feeling abroad these days that a professional in one line of sport should not be barred from playing as an amateur in another line of sport, and the B. C. A. A. U. has come to recognize that the time has arrived at any rate to sound the opinion of sportsmen on Friday, and then a decision will be made by the provincial board on the policy to be recommended to the Dominion body. There is also a mass meeting of sportsmen to be held in Vancouver on Saturday night to discuss the same question, and Victoria's delegate will be instructed to put in as appearance for the Capital at this meeting also.

The question has been an acute one for the past year or more, and, whatever the outcome of all these meetings, they will at least clear the air and serve to ascertain the feeling of the majority of sportsmen on the subject. If the Amateur Union is to control Canadian sport, clubs affiliated must respect its rulings. If they think the present rules are wrong, they will now have the opportunity to see that they are changed. The amateur law works excellently in England, and there seems no good reason to suppose that the Stanley Cup change along the lines of Old Country practice should not work equally well in Canada.

STANISLAUS ZBYSKO WINS FROM CADDOCK

Veteran Mat Champion Takes Two Straight Falls in Defending His World's Wrestling Title

DES MOINES, Nov. 8.—Stanislaus Zbyzsko, heavyweight wrestling champion of the world, successfully defended his title here last night when he defeated Earl Caddock, of Walnut, Ia., in straight falls.

After over an hour of wonderful grappling, the Pole, by sheer strength, arose to his feet as Caddock was clinging to his shoulders and neck and fell backward, pinning the Iowa to the mat, for the first fall in 1 hour 20 minutes and 20 seconds.

Caddock was stunned from the effects of the first fall and offered little resistance to the Pole's attacks. After 24 minutes of grappling Caddock conceded the fall, being too weak to continue.

John Freiburg, of Chicago, won easily from Jack Rogers, of Montreal, in one of the semi-finals. Freiburg won two straight falls.

CLUB STANDINGS IN THE SOCCER LEAGUES

Below are the official league standings in Victoria soccer, up to and including November 7:

Garrison	4	4	16
R. O. C. over	4	4	16
West	4	4	16

PHIL BLOOM BEATEN BY FRANK BARRIEAU

TORONTO, Nov. 8.—Frank Barrieau, Canadian welterweight champion, tonight outpointed Phil Bloom, of New York, in a 10-round bout.

The Canadian was the aggressor most of the time, while Bloom seemed to underestimate his opponent's ability. Barrieau had a comfortable margin of points.

Bloom weighed 145, and Barrieau 151½ pounds.

WOUNDED VETERAN WINS WALKING RACE

TORONTO, Nov. 8.—R. W. Mumme, a war veteran, won the five-mile handicap walk at the Y. M. C. A. yesterday. Mumme, who was wounded in the war, and walked with a decided limp, was placed on the limit mark with 20 minutes on the scratch man.

Yarrow to Practice
The Yarrow Football Club will hold their regular weekly meeting and practice at the Veterans of France headquarters this evening at 7:30.

YANKEES WILL PLAY A SERIES IN TEXAS WITH THE CARDINALS

NEW YORK, Nov. 8.—Training quarters in Texas of the New York Yankees next Spring have been decided upon, it was said today. There is a likelihood that the Yankees will play a series of games with the St. Louis Cardinals in Texas while in the state. The Brooklyn Nationals will not meet the Brooklyn Nationals until ready to start northward.

AMERICAN FOOTBALL

NEW YORK, Nov. 8.—Notre Dame today converted its football game with Rutgers into a track meet, and, running circles around the Eastern team, claimed a 48 to 0 victory.

The flashy Indiana team, which last Saturday trounced the army, played an even faster game on its second appearance this season.

Indiana easily defeated Trinity today, 28 to 0.

COAST PROCEDURE IS FAVORED BY OTTAWA

Will Suggest Some Important Changes in Hockey Rules of Eastern Professional Hockey League

OTTAWA, Nov. 8.—The Ottawa Hockey team will suggest at the annual meeting of the National Hockey League that three important changes in the rules of the Eastern professional hockey series.

They will propose the adoption of the Pacific Coast play-off system with a straight schedule of 48 games, and the first and second teams playing at the conclusion of this home-and-home series. This would do away with the national league's split schedule arrangement in vogue for the last four years.

Want Real Penalties
The Ottawa also will move for a return to the old penalty system whereby an offending player goes to the penalty bench, while his team plays short. This would replace the substitute system which the N. H. L. had in operation last year. There would be at least five men on the ice at all times, and a second penalty, if incurred, would be deferred until the first one had been served.

In addition, the Ottawa suggest the adoption of a modified scale of the goalkeeper's pass out, which has become so popular at the Coast. They would sanction the forward pass from the goalkeeper to the first red line, a distance of 40 feet. The Ottawa claim that this should speed up hockey, as it makes the goalkeeper the object of the most important passes, offensively as well as defensively, in every team.

Toronto St. Patricks will be requested to accept the new rules, and, if these changes. They will come up at the annual meeting of the N. H. L., which will be held at Toronto at the latter part of this week.

DR. HUNTER WINS CUP

The cup put up by Dr. Scott-Moncrieff, president of the Victoria Medical Society, for competition among the members of the organization, was won by Dr. J. D. Hunter, who was presented with the trophy last night by the donor, at the regular meeting of the Victoria Medical Society.

Each year they play golfers from the Medical Societies of Vancouver and Seattle. In September they met the players of the latter city, being defeated by them, while three weeks ago last Saturday they won from the Vancouver doctors in matches played here.

WASHBURN UNLIKELY TO PLAY NEXT YEAR

Duties May Prevent Popular American Tennis Star From Entering Big Tennis Tournaments

NEW YORK, Nov. 8.—Watson M. Washburn, for several years one of the nation's ranking tennis players, and a member of the last American Davis Cup team, will leave New York this week to take up duties as assistant to the under secretary of the treasury. He said today he probably would not be able to take part in the big tournaments next year.

Football Fatality

TOLEDO, Ohio, Nov. 8.—Carleton Mannaback, seventeen, fullback on a local amateur football team, was killed almost instantly during a game here yesterday. His neck was broken when he tackled an opposing player.

RUFFALO, N.Y., Nov. 8.—Frankie Schell, of Buffalo, defeated Soldier Barnfield, of Brooklyn, in a 12-round bout here last night. Schell had the better of the fighting throughout. Schell weighed 140 pounds and Barnfield 142½.

The Man Who Works Hard Should Follow This Advice

Persistence and will power he should have, but whether he has strength and vigor is another question. Hard working men often have headaches and suffer from biliousness. The occasional use of Dr. Hamilton's Pills keeps a man feeling fit and fine, keeps him always at his best. Headaches, indigestion, poor color are quickly remedied by Dr. Hamilton's Pills. Dr. Hamilton's Pills keep the system clean and pure, tone up the blood, drive away tiredness and lassitude. No medicine for men is better than Dr. Hamilton's Pills. 25c, all dealers or the Cataract Co., Montreal. (Adv.)

BILLIARD CHAMPIONS TO PLAY NEXT WEEK

Three Nations Will Be Represented in the Balk-Linge Tournament to Be Staged in Chicago

CHICAGO, Nov. 8.—Six of the world's leading 18.2 ballline billiard players, representing three nations, will compete in the first international championship tournament staged in sixteen years next Monday, when Willie Hoppe, the present title-holder, will defend his title here in a tournament continuing for eight days.

The contestants will be Hoppe, the champion; Edward Horemans, the Belgian; Roger Conti, the French champion; Welker Cochrane, Young Jake Schaefer, son of the famous wizard; Ora Morningstar and George Sutton.

Total purses aggregating \$6,750 have been offered as prizes. Of this amount \$3,000 will be awarded the winner. To the runner-up \$1,500 will be given, and prizes of \$1,000, \$750 and \$250 will be awarded those finishing third, fourth and fifth.

Games in the tournament will consist of 400 points each unless in the event of a tie for first place, in which case 500 points will be played to determine the winner. Three matches a day will be the programme until a round robin in which each of the players meets every other player is finished.

For the first time since Willie Hoppe cured his way to the premier position in the ballline billiard world his mastery of the game is threatened with defeat. When the storm cloud gathering on the horizon is minutely studied it assumes the form of Edward Horemans, the Belgian wizard. A former amateur champion billiardist and also friend of Willie Hoppe's said today he believed Horemans would win the next professional ballline tournament, with Schaefer second and Hoppe third. "I've played with Hoppe recently," he said, "and I'd like to see him win, but from the kind of billiards Horemans has been showing I don't see how it's possible." Maybe, but nothing but a defeat of Hoppe will convince many long-time billiard followers that Hoppe isn't young strength and skillful enough to keep on beating the best that can be pitted against him. They've seen so many cases of wonderful work in practice and exhibitions followed by inability to keep pace with the Hoppe stride in actual competition.

HECK FOWLER MUST REPORT TO VICTORIA

Saskatoon Wants Him to Help Give Them a Good Start in New League, But Aristocrats Have the Call

SASKATOON, Nov. 8.—Heck Fowler, wizard goalkeeper of the Pacific Coast league, will play with the Saskatoon Crescents in the Western Big Five this season. If heater Patrick can be induced to part with the superior talented net guardian, T. M. Pinder, backer of the Crescents, stated today that Fowler, who is a Saskatoon boy, had not yet signed a contract, but that the Crescents would make a concession to Patrick if the goaltender were allowed to remain here.

"If Fowler were permitted to play in his home town, it would be a big benefit to the newly reorganized Prairie professional hockey league," is Pinder's idea. It is understood here that Fowler is anxious to remain.

Although, no doubt, the Saskatoon Crescents would like to break into unenvied professional hockey with a goaltender of Fowler's calibre in their net, their chances of getting him, this year at least, are rather slim. Lester Patrick, following communications between the president of the Western Big Five league and the P.C.H.A., has wired Fowler that his services belong to Victoria and that he will be expected to report here.

"Re-Tread Week"

Your old tires taken off the rims and the inside of each cover thoroughly examined. This week we render this service free of charge in order to demonstrate to your satisfaction that tire re-treading saves you money.

Horse Breeding Here to Be Organized Industry

HORSE BREEDERS TO FORM ASSOCIATION

Public Meeting to Be Held Next Week With View to Organizing Project Is Meeting With Encouragement

Arrangements have been made to call a public meeting next week when the initial steps will be taken to form a Provincial association in the interests of the breeders and others who have the welfare and development of the horse in view. Local stockmen, sportsmen and others are giving the project encouragement, as they see, in the proper following of the suggestion, the foundation of a profitable industry, resulting in a very considerable attraction for pleasure seekers.

The objects of such an association are to encourage and insure co-operative efforts in all matters relating to the improvement of the thoroughbred horse and his blood descendants, the saddle, the hunter, steeplechaser, cavalry and polo types.

The association, though it is not within its sphere to undertake the management of race meetings, will be of undoubted value in safeguarding the interests of Western Canadian breeders and those who wish racing to be conducted as to have for its object the benefit of the community.

Encouragement will be given by the placing of mares with farmers for breeding on a profit-sharing basis by the opening of stakes for horses bred and developed in Western Canada, and by the encouragement of jumping races and waterweight races at different points in the Province.

It is suggested that pony and gallop racing should prove an immense attraction if properly regulated.

HOCKEY TEAMS WILL BE AMALGAMATED

CALGARY, Nov. 8.—Calgary will be represented by but one team in the professional hockey league this winter as the Tigers and Canadians, at an executive meeting, decided to amalgamate, subject to the sanction of the league.

VICTORIA HORSES WIN AT PORTLAND IN WATER JUMPS

PORTLAND, Nov. 8.—Winners at the opening performance of Portland's annual horse show last night included entries from California, Washington and Western Canada.

In the water jump, in which there were 12 entries, McCleave Stables, Victoria, B.C., won first, second and third. P. Drvor, of Cochrane, Alta., took fourth.

FINANCIAL STATEMENT PROMISED IN WEEK

D.F.A. Secretary Says Affiliated Associations Will All Get Copies of Accounts of Scottish Tour

WINNIPEG, Nov. 7.—A preliminary financial statement of the tour of the Scottish footballers through Canada will be issued within a week, and copies will be forwarded to all affiliated associations. So said David Roy, secretary of the Dominion Football Association, when interviewed Saturday night regarding the so-called ultimatum from the Quebec Football Association. Secretary Roy repudiated categorically remarks cited in the report which emanated from Montreal, and far from considering the wire received from the P.Q.F.A. officials as an ultimatum, Mr. Roy states that it was couched in quite friendly terms.

Funeral of Mr. Richardson
WINNIPEG, Nov. 8.—The funeral was held this afternoon of Robert Lorne Richardson, founder of The Winnipeg Tribune, and former member of Parliament, who died Sunday afternoon.

Goes to Conference
PARIS, Nov. 8.—M. Loucheur, Minister of Liberated Regions, will leave on Saturday for the Washington conference, according to The Gaulois.

The star Regulus radiates 29 times as much heat as our sun.

SPORTING NEWS

McCleave's Horses Win Jumping at Portland

CITY NEWS IN BRIEF

Ladies' Guild for Sailors—The Christmas boxes for the Lighthouse will be packed at the Connaught Seamen's Institute tomorrow afternoon at 2:30 o'clock.

Officers' Mess Meet—A meeting of the officers' mess of the 1st Regiment will be held this evening at the Drill Hall at 8 o'clock.

Court of Revision—The municipal voters' list will be revised next week. Aldermen John Harvey and E. S. Woodward will serve as the court of revision.

Meeting Tonight—Native Daughters of Post No. 3, of British Columbia, will hold a meeting this evening at the Vancouver Club, Campbell Building, commencing at 8 o'clock.

Vital Statistics—Births here during October totalled 51; deaths 37, and marriages 49. The marriage aggregate for October was beaten only in June and July, when 53 ceremonies were performed.

May Be "Dark Horse"—Alderman W. F. Fullerton is a "dark horse" for the 122 majority. Alderman Robert Dinsdale announced last night. Alderman Fullerton did not attend last night's meeting of the Council, so was unable to explain his intentions.

Municipal Golf—Messrs. Galt, MacKenzie & Allison, golf course architects, of London, with a branch at Detroit, wrote the Council last night offering their services in the planning of a municipal golf links here. Their letter was filed.

Labor Man to Speak—Mr. Tom Richardson, labor candidate in South Vancouver riding, will appear in the auditorium of the Trades Hall, Broad Street, tomorrow evening at 8 o'clock. Mr. Richardson is a former member of the British Parliament.

Present Picture—Friday—Members of the Agnes Deane Cameron Chapter, I. O. O. E., will meet on Friday morning at 9:45 o'clock to make a presentation to the school of their "Adoption" of the South Park School, a picture of "The Burial of an Unknown Warrior."

Naval G. W. V. A.—A special meeting of the executive committee of the Esquimalt Naval Branch of the Great War Veterans will be held tomorrow night at 7:45 o'clock in the clubrooms, Bastion Street. Business of importance will be considered, and every member is requested to be on hand.

Concert Tomorrow—The Knox Young People's Society will hold a concert tomorrow night at 8 o'clock in the clubrooms, 3040 Avenue, in aid of the tennis court funds. A splendid programme has been prepared and everyone is invited to patronize the affair.

Mumps Prevalent—A mild epidemic of mumps occurred in Victoria on October, according to a report of Medical Health Officer A. G. Price. Most of the cases were reported during the month as compared with sixteen scattered through the other nine months.

Esquimalt Parent-Teachers—The regular monthly meeting of the Esquimalt Parent-Teachers' Association will be held in the assembly hall of the school on Friday at 3:15 o'clock. The five special prizes for costumes at the recent Halloween masquerade will be presented.

Esquimalt Retail Stores—The Esquimalt retail merchants have decided to close their places of business at 1 o'clock this afternoon, thereby giving their employees two holidays this week. The stores in the city, however, are remaining open today until 4 p.m.

Baptist Fraternal Union—The Baptist Fraternal Union is holding a general rally and supper tonight at 6:30 o'clock in the Douglas Street Baptist Church. An interesting programme has been prepared, including several musical items. The officers for the coming year will be elected at this meeting.

Sanchez Police Court—Low Gon, Chinaman, was charged before Magistrate Jay in the Sanchez Police Court yesterday with the theft of 135 Leghorn hens, the property of Mr. G. Gordon Holmes, of Gordon Head. Mr. R. C. Lowe appeared for the accused, and consented to the remand of one week requested by the prosecution.

Municipal Taxation—The executive of the Union of British Columbia Municipalities and its taxation committee will meet at the Empress Hotel at 4 o'clock tomorrow afternoon. Mayor Porter was advised yesterday by Secretary A. V. Gray. The union's representatives will meet the Municipal Committee of the Legislature on Friday morning.

Receives Invitation—Members of the Victoria Kiwanis Club have been invited by the Portland Kiwanians to attend the sessions of the annual convention of the Pacific International Livestock men, which is taking place in the Rose City of the present time. No members have yet announced that they will make the trip to Portland.

A. and N. Veterans—The Army and Navy Veterans will hold their regular monthly meeting at 8 o'clock tomorrow night, in their quarters, Hamilton Building. A report of the recent Dominion Convention will be given, while a discussion on the Oriental problem will take place. Every member of the organization is asked to be present.

Charged Under Liquor Act—Yuen Ah Yip, Yuen Wing Lon, Yuen Doon, Lee Wah Chan, Choy Man and Choy Joe were charged in the City Police Court yesterday with having liquor in the premises at 557 Flagstaff Street, the same not being sealed with the Government seal. Mr. R. C. Lowe appeared for the accused, who were remanded until next Monday.

Real Meaning of the Day
The British Legion is trying to give of- ficial sanction to the making of November 11 a perpetual day of remembrance. It is certainly to be desired that some such public recognition should annually be made. Armistice Day will never again be a joy day. The lessons we have learned are too bitter for it to be likely that we shall commit that folly. There is all the more reason why in some signal way those lessons should be improved upon by renewing poignant memories and stimulating our still too feeble aspirations after peace.—London Daily News.

PROPOSES CHANGE IN LORD'S DAY ACT

Present Legislation Places Police Board in "Unfair and Difficult Position," Says Ald. Todd

Ald. A. E. Todd has laid before the Board of Police Commissioners a proposal for a conference with a view to drafting amendments to the Lord's Day Act to the end that this legislation may be made more easily workable and no longer place the Board in a "difficult and unfair position."

Mayor Porter announced last night that the Board will probably meet this week, when the Todd proposal will be dealt with.

The Board will also consider proposed amendments to the street regulations in order that they may conform with the change in the rule of the road, to become operative Jan. 1. Ald. Todd's letter follows:

"I note that some criticism is being directed against your Board and the Police Department in connection with the Lord's Day Act. Permit me, as a past Mayor and member of the Police Board for several years, to say that, in the difficult position in which you are placed, in endeavoring to interpret this Act, you, individually and collectively, have my sympathy and support.

"During my term of office I had considerable experience with the Lord's Day Act, and then made up my mind that if in time to come I could be of help to any future Police Board, in reference to this Act, that my services and support would be offered.

"In the city of Victoria, annual reports, 1918, Mayor's report, page 31 and part of 32, if you care to look the matter up, you will find certain suggestions that I then made concerning the Lord's Day Act.

"If you think it will be of any service to you I am quite willing to meet your Board and discuss the Act. "If, as a result of such meeting, we can arrive at any unanimous recommendations as to changes that are desirable in the Act, such recommendations, I think, should be submitted to the city prosecutor and to the Chief of Police, in order that they may pass upon same from the standpoint of effective administration.

"Subsequently, I would suggest submitting the recommendations to the city solicitor, as legal adviser of the city government, in order to obtain his verification of the legal correctness of whatever legislation is enacted.

"Thereupon, as a member of the City Council, and as a director of the Chamber of Commerce, I would be willing to lay the recommendations before both of these bodies, and would ask them to forward same, with their endorsement, to the proper authorities, together with a request for speedy action."

ESQUIMALT AIDS FLOOD SUFFERERS

Council Gives Grant of \$100 to Relief Fund Being Raised by Chamber of Commerce—Other Business Done

The Esquimalt Council last night received a letter from the Chamber of Commerce asking for a grant towards the fund for the relief of the sufferers in the flood on the Mainland. The sum of \$100 was voted for that purpose.

An invitation to attend the formal opening of the Esquimalt Memorial Health Centre on Thursday, November 24, at 3 p.m., was received last night from the Esquimalt Branch of the Victorian Order of Nurses. The Council accepted the invitation.

The B. C. Electric Company wrote the Council assuring it that there would be no overloading on the Esquimalt cars when the safety cars are put in operation, and that it was not the company's intention to use the one-man cars on the Esquimalt run. The communication also stated that the Council would be satisfied with the safety cars, after the new system had been given a fair trial.

Councillor Porter suggested that the position of inspector of electric light installations should be filled without delay. The Council agreed and will make the appointment within the next two weeks.

Mr. Locke, Esquimalt Road, wrote the Council protesting against its instructions that he should move back his store four feet, because it is said that the property encroaches upon the roadway. The letter was received and filed, no action being taken.

Councillor Wise stated that too many street lamps in Esquimalt were being broken by boys, and suggested that a reward of \$10 should be offered any person who would bring the young offenders to time. The matter was referred to the Police Commissioners.

The entertainment concluded with a

VIOLINIST PLEASES

Musician Recently Arrived Plays Before Thanksgiving Day Audience in Baptist Church

On Thanksgiving Night, in Emmanuel Baptist Church, Drury Pryce, violinist, gave a most delightful treat to music lovers. Mr. Pryce, who is a newcomer to this city, showed himself to be a master of technique and tone, and played Viennese's "Reverie," and "Siciliano Rigaudon," by Franz Liszt-Kreisler, giving as encore Kreisler's "Liebelsied" and "Memento Musicale," by Schubert-Kreisler. He was very skillfully accompanied by Miss Margaret Campbell, who also contributed three pianoforte solos.

Others who took part in a very successful programme were: Mrs. Alfred Todd, elocutionist; Miss Beatrice McDonald, soprano; Mr. W. H. Woods, baritone; Mr. George Guy, tenor and the Parfit quartette.

Mrs. Frank Andrews very ably presided.

A Grave Responsibility
Granted that there may be folly and cruelty among "the rich," yet so far as our observation extends it is not nearly so remarkable as the folly and cruelty of the revolutionary labor leaders, who, apart from the recent ruinous coal strike, caused 4,000 trade disputes in the two years between November, 1918, and the end of 1920, thus losing 61,500,000 working days and the wages of those days, and paralyzing trade and commerce. Now these same immitigably mischievous persons, having succeeded in

producing immense distress, propose to use it to bring about a revolution by violence.

To Build Weight Quick Take Yeast with Iron

New Yeast Tablets—IRONIZED YEAST—Bring Results Often in Half the Usual Time

To Build Firm Flesh, Beautify Your Complexion Increase Your Strength, Energy, and Nerve Force Try This Great New Tonic. Watch the Quick Results!

Weak, thin, nervous and run-down folks are finding that yeast brings its splendid results often in half the usual time when it is taken with organic iron, in IRONIZED YEAST. The reason is that in IRONIZED YEAST you get the benefit of two splendid health-builders instead of only one, as formerly. Yeast with its energy-giving, tissue-building vitamins, helps put new flesh on your bones, strengthen your muscles, clear your skin and calm your shattered nerves. Iron is needed to make your blood rich, red and strong. Both these essential substances are lacking in the average modern diet. Yet both are absolutely necessary to perfect health, and that is why both have been combined in IRONIZED YEAST. If you are thin, or run-down and want to fill out the hollows in your cheeks, neck, shoulders and limbs with good, solid flesh—if you suffer with pimples, blackheads, boils or other humiliating skin blemishes and want to quickly acquire a fresh, youthful, clean-looking skin—the kind that is loved and admired by everyone—if you are easily fatigued and want to increase your strength so that you can tackle hard work and rest it—then, in justice to yourself, give IRONIZED YEAST a trial. Notice the almost immediate results it brings. See how quickly your figure rounds out and how quickly your skin acquires a new freshness and charm, once your system is given the vitamins and iron that it needs.

Very Important! IRONIZED YEAST is pleasant to take and will not in any way upset the stomach. It contains, in highly concentrated form, the highest grade of specially cultured yeast, grown under the strictest supervision for medicinal purposes, and besides being rich in vitamins also contains the vitally essential Fat-Soluble A and Water-Soluble C vitamins. In addition it contains iron in its easily assimilated form—organic iron—similar to that found in spinach. Each package contains ten sanitary-wrapped tablets (in 15 days' treatment) and costs only \$1.00. Bear in mind that there is only one genuine IRONIZED YEAST. Do not accept substitutes or inferior imitations. Special directions for children in each package. Sold at all drugstores.

IRONIZED YEAST Tablets

HIGHLY CONCENTRATED VITAMINE TONIC
Selling representatives for United States and Canada

producing immense distress, propose to use it to bring about a revolution by violence.

FAST EMPIRE LINER SERVICE ADVOCATED

With Concerted Action of Dominions Great Speeding Up of Travel Could Be Accomplished

LONDON, Nov. 8.—One of the principal subjects submitted to the Imperial Shipping Committee, on which the principal shipping companies of the British Empire are represented, was a proposal for the establishment of a fast Empire service of steamships. The author of the proposal was H. J. Turner, London representative of the Commonwealth Government line of steamers, and the scheme was presented to the committee in the form of a paper.

Mr. Turner, after pointing out that "for the last quarter of a century practically no improvement in speed has been recorded in tonnage passing through the Suez Canal to Australia," that "South Africa is in very much the same position," and that Canada has benefited, directly and indirectly, from the greater enterprise shown by the Atlantic companies," went on to say:

"With the concerted action of the Dominions, and the co-operation of the Imperial Government, there is no reason why Australia should not be brought within 14 to 15 days via Suez; New Zealand, 19 days via Vancouver, and South Africa within 10 days of this country, with Canada 1-2 to 4 days.

Government Co-operation
Mr. Turner admits that any shipping company might view the prospect of a sudden jump in speed from an average of 14 knots to 25 "was extraordinarily risky," and requiring "an impossible subsidy"; hence, his proposal that the scheme should be undertaken by the Empire governments in co-operation.

Briefly, his scheme contemplates a fleet of eight fast steamers, with a ninth in reserve, with high-powered turbine engines, burning oil fuel, and steaming from 25 to 26 knots. Of a gross capacity of 50,000 tons, 900 feet in length, and 34 feet draught, they would be the largest and fastest vessels afloat, and have accommodation for 600 first and 3,000 second class passengers. With such boats it would be possible to establish the following accelerated services:

England and Canada—Liverpool to Halifax, 4 days, as contrasted with the present seven days.

England and Australia—Liverpool to Sydney, via Halifax and Vancouver, 20-22 days, as against the present 31 days.

England and New Zealand—Liverpool to Auckland, via Halifax and Vancouver, 19 days, instead of the present 29 days.

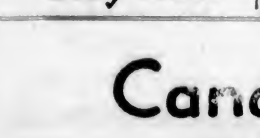

England and South Africa—Plymouth to Cape Town, 10 days, in place of the existing service, Southampton to Cape Town, 17 days.

Falling provision by the existing steamship companies to take up these services (of which they would be given the option) the steamers would be the joint property of Canada, Australia, New Zealand and South Africa; the money for their construction and outfit would be supplied by the Imperial Government as a loan to the four Dominion Governments named, at 2-1/2 per cent interest, plus 1 per cent sinking fund.

The total expenditure on the construction of the nine steamers is set down at \$135,000,000.

This scheme still remains to be considered in detail by the Imperial Shipping Committee pending action by the Imperial or Dominion Governments. In this connection the committee reported.

The view of the chairman in regard to this scheme was that inasmuch as it would probably have to be launched by one or more of the governments of the Empire, he did not feel justified in asking the committee to go into the details of the scheme except at the direct request of one or more of the governments concerned.

FREIGHTERS BEAR BRUNT OF WEATHER

VANCOUVER, Nov. 8.—The big passenger liners bound for this coast seem to have a special Providence guarding them. The Empress of Russia, on her last voyage inward, missed the great hurricane of October 29 by a few hours. Freight carriers arriving about the time the hurricane did reported a good voyage. Right on her heels came the Canadian Australasian freighter, Walmorino, Captain A. T. Norton. The Walmorino reported rough seas and heavy gales. October 23 to 27, off Hawaii, they encountered a strong northeast gale with a confused sea, but no other indications of a hurricane. After passing through that disturbed area, they met with a severe southeast gale on November 2, 3 and 4. They had no trouble, but had wet decks throughout the storm.

GREEK MEETS GREEK AND TROUBLE BEGINS

Crew of Greek Steamer Strike on Meeting Better Paid Compatriots Ashore—Immigration Tangle Results

PORTLAND, Nov. 8.—When Greek meets Greek and tells him about the prevailing scale of wages in America, the first Greek is inclined to become dissatisfied, particularly if he is a sailor on a newly arrived Greek steamer, and the second son of Hellenas is the way of Greeks, bears all the outward semblances of prosperity.

Something like that is what resulted in a near-mutiny on the Greek steamer Iollos at the North Bank dock, when members of the crew refused to continue their service on the steamer unless their wages were increased. Comparative calm prevailed yesterday while officers of the immigration service strove to aid the difficulties in straightening out the crew. While the sailors refused to go to sea with their ship, the immigration officials refused to let them come ashore, and the situation became complicated. Some members of the crew, however, had joined the vessel at Newport News, Va., and as they had been out of the United States for less than six months, they were privileged to re-enter the country and were not affected by the prohibitions of the three per cent quota of the new immigration law.

The solution toward which events seemed to be shaping themselves yesterday was a substitution of local unemployed Greeks who were willing to work for any wages in place of striking sailors who were not. Some members of the striking crew, who are ineligible to remain indefinitely in this country, will be allowed to land upon taking an oath to rejoin on the first steamer that will have their services. The Iollos has been loading a cargo of wheat at the North Bank dock and is expected to sail for Europe early this week.

ADMIRAL LINERS GET ADVERTISING FUNDS

A \$900,000 publicity fund has been set aside by the United States Shipping Board for the purpose of advertising the steamship services maintained by vessels owned by the board.

A liberal portion of this fund has been assigned to the Admiral Line, and will be used in "boating" the Seattle-Orient route, with its five liners of the Wenatche type.

The company is conducting the campaign in all the great national magazines and in twenty metropolitan newspapers with a combined circulation of more than 5,000,000. The legend, "Seattle to the Orient," heads all the advertising, the plan being to make it so familiar that it will spring at once into the mind of anyone intending to make a trip to the Orient. A great sum of shipping board money has already been expended on this campaign. It was organized and is being carried through by E. G. McIlwain, passenger traffic manager of the Admiral Line.

SOPHIA CASE TO BE REHEARD TOMORROW

SEATTLE, Nov. 8.—Petitions of the Canadian Pacific Railway for limitation of liability in the wreck of the steamship Princess Sophia will be argued on rehearing before Judge Jeremiah Neter in the United States federal court November 10. In this action the Canadian Pacific Railway seeks to escape paying large amounts in claims filed by relatives and dependents of persons lost in the Princess Sophia wreck.

PREPARE FOR ARRIVAL OF BRITISH SQUADRON

Buoys and Moorings at Esquimalt to Be Tested—Four Cruisers Expected About December 17

Preparations, official and informal, are now being made for the reception of the vessels of the North America and West Indies squadron expected to reach Esquimalt next month. The Department of Marine here has been instructed to examine the buoys and moorings of Esquimalt Harbor, and preliminary steps towards doing so have been taken. Sociological organizations have begun to bathe themselves with a view to the entertainment of the personnel of the ships while in port, and there is no doubt but what both officers and Jack tars will find the selection of Esquimalt as the Christmas port a happy one.

Just when the ships may be expected here is problematical as yet. Officers of the Esquimalt Navy Yard state that no official information as to movements of the squadron have been received up to the present. Letters from members of the crew of H. M. S. Raleigh to relatives here, however, name December 17 as the probable date of arrival. Christmas will be spent at the old naval base, and about the 30th the squadron will go to Vancouver for a brief visit to the Mainland city. About three weeks at least will be spent in British Columbia waters.

The squadron will call here after cruising in the Pacific. The flagship of the fleet is H. M. S. Raleigh, the other ships being H. M. S. Constance, H. M. S. Cambrian and H. M. S. Calcutta. Vice-Admiral Sir William C. F. Pakenham, K.C.B., is commander-in-chief of the vessels.

Italian Cruiser May Visit

Esquimalt Harbor may also shelter an Italian naval vessel for a short period in the near future. The Italian cruiser Libia, which is making a tour of the world with a large number of naval cadets aboard, is now en route up the Pacific Coast from the Panama Canal, making calls at the various ports of the coast. It is understood that she will visit Portland and Puget Sound after leaving San Francisco, and may also spend some time at Esquimalt.

Whether the Canadian Naval Squadron will be here again this winter is not as yet known. No word of the movements of the Aurora, the Patriot and Patrician during the coming months has been received by the Navy Yard officers.

THIRTY-FIVE SAILORS LOST WITH STEAMER

TOKIO, Nov. 8.—Thirty-five sailors, the entire crew, were lost in the wreck of the Hyuka Maru, a Japanese coasting steamer, which dispatches received here today announced, was stranded off the coast of Hokkaido, November 2.

GERMANS GOING TO ORIENT ON LINERS

Empress of Russia, Sailing Thursday, Has Usual Small Contingent of Teutons Drifting Back to Old Haunts

When the Canadian Pacific liner Empress of Russia clears for the Orient this week, she will again have aboard the small contingent of Germans that is now a regular feature of the sailings of the big vessels. Most of them lived in China and Japan in pre-war days but happened to be in the Fatherland when war was declared and are now drifting back to their old haunts in the Far East. On every outgoing Empress during the past three months have been several Germans going back to reopen their businesses abandoned on the outbreak of hostilities.

Herr Theodore Christian, for eighteen years a resident of Shanghai prior to the war, is passing on the Empress on Thursday. When war broke out he was in his native city of Berlin. For some time he was passed up by the military authorities, but eventually found his way into the Landwehr. He guarded railway bridges in the interior of Germany until the Armistice. He has high hopes of bringing a once prosperous brokerage business back to life. The Chinese, he thinks, hold little sympathy to the Germans, and he looks for a cordial reception.

Julius Ebert, German merchant of Shanghai, and former resident of Bavaria, is also going out on the Empress, returning from a visit to Germany. The passenger list of the Canadian Pacific liner on this voyage will also include a number of prominent educationalists, representatives of Canadian and American universities at the Far Eastern congress on educational matters that is to convene at Manila under the auspices of the University of the Philippines.

According to present understanding, the Russia will sail from here Thursday night. She is expected to leave Vancouver at 2 o'clock and Victoria at 8 o'clock or shortly afterwards.

SHIPPING NOTES
The O. S. K. liner Arabia Maru is expected at quarantine tomorrow night. Whether she will get through before sunset is uncertain but improbable. She has 14 cabins and 43 staterooms for Seattle, and 20 staterooms passengers for Victoria.

The O. S. K. liner Alabama Maru passes out tomorrow, poised to clear from the local dock at 5 p.m. after arriving from Seattle. A number of Japanese staterooms are being taken aboard the vessel at this port.

The Admiral liner Silver State is due on Friday according to schedule, but nothing has as yet been heard from her by wireless. Rithet Consolidated, Limited, local agents, do not anticipate that the vessel will be late.

The Casco, the small American vessel chartered by the Hudson Bay Company for a voyage to the Siberian coast last Spring, has returned to this coast. She reached quarantine Monday night and is expected to leave Vancouver yesterday morning. Five passengers were brought from Kamchatka Peninsula by the Casco, a Russian, the passage across the Pacific was marked by heavy weather, which troubled the small craft a good deal. It took her nearly a month to get across from Hakodate.

The steamship Wenatche, now in the Orient on her second voyage, has been assigned to the Admiral Line for her third trip also. There appears to be a possibility that the company will have this vessel taken from them eventually.

The oil tanker El Lobo passed up to Vancouver yesterday morning. She carries crude oil from Peru for the refinery on the Mainland. She is expected at Esquimalt for docking later in the week.

A deal in towing interests has been completed by E. J. Coyle and associates at Vancouver. They have taken over the boats operated for the Westminster Towing and Fishing Company by George P. Mann and N. B. Preston. The tug is the Pearl, Faultless, Peerless and Wireless.

The Canadian Pacific liners Empress of Asia and Empress of Russia, built in 1913, were the first large ocean-going steamers to have the cruising line of the Register contains the names of over 150 cruiser-sterne vessels.

Poland is steadily growing as a salt producer.

GOES ON HOLIDAY
Mr. A. E. Skinner, of Vancouver, will act as controller of immigration for the port of Victoria during the absence of Mr. S. N. Reid on vacation. Mr. Reid began his holidays yesterday, and will be away from his customary duties for three weeks.

TALK OVER EGYPTIAN
COTTON DIFFERENCES
WASHINGTON, Nov. 8.—Sir Ernest Reaumur, representing the Liverpool shipping conference, discussed with Vice-President W. J. Love of the Shipping Board of America, tonight, the controversy which has arisen over the division of the Egyptian cotton shipments. Neither would comment on the result of their meeting, but at the Shipping Board it was said there was no hope that the matter would be adjusted.

THE UNKNOWN WARRIOR
In the old Abbey where the English Kings have been crowned for centuries an unknown British soldier rests, greatly honored, even in that sanctuary of fables, the symbol and memorial of all the British soldiers and sailors who died in the war. In the presence of many eminences a simple, comely, touching ceremony was performed. The United States paid, by the hand of its most illustrious soldier in the war, the highest distinction in its power to the representative of the comrades of its own soldiers and sailors. At Washington on Armistice Day Great Britain will bestow upon our unknown soldier, emblem of all our soldier and sailor dead, the noblest prize that Great Britain can give for valor in her service, the Victoria Cross.

Never given before to an American, the most coveted of British laurels, that is the strongest and most significant expression that Great Britain could make of her gratitude for American co-operation in the war and of her good-will to America. Each country has done its utmost to honor the unknown soldier of the other. At the moment when the greatest and most lasting cause of misunderstanding and irritation between Great Britain and the United States seems about to be removed, this symbol of the substantial sympathy and good feeling that exist between the two countries is especially grateful and gracious.—New York Times.

CARRIES HAPSBURGS
TO PLACE OF EXILE
CONSTANTINOPLE, Nov. 8.—The British cruiser Cayoff, having on board ex-Empress Charles of Austria-Hungary and former Empress Zita, arrived here today from the mouth

of the Danube, where she went to receive the former imperial pair, destined to exile on the island of Madeira.

The Cardiff made only a brief stop at this point, proceeding to Gibraltar.

APPEALINGLY SHOWN

Story of Devilry of Brutal Turks Told in "Auction of Souls" at Columbia for Last Time Today

Removing his own ban against further showings in Detroit of "Auction of Souls," starring Aurora Mardiganian, which is showing at the Columbia for the last time today, and of which First National Exhibitors' Circuit is the official distributor, Police Commissioner Dr. James V. Joyce was cheered to the echo by 10,000 persons in Cadillac Square recently in that city, when his announcement followed an appeal for Armenia by the star, Miss Mardiganian herself.

cently in that city, when his announcement followed an appeal for Armenia by the star, Miss Mardiganian herself.

Police Commissioner Joyce has ordered "Auction of Souls" removed from the screen after it had been shown as a pre-release for one week at the Washington Theatre in Detroit. His action was taken at a private presentation. He allowed the management one week's run to commensurate them for part of their heavy advance advertising. In removing his own ban, the commissioner expressed the wish that Miss Mardiganian and the picture should remain in Detroit for an indefinite period.

Aside from this honor paid Miss Mardiganian, she was asked to ride at the head of the Safety-First parade, which was a procession two miles long. Seated in an automobile with Lieutenant James Anderson, special representative of the First National Exhibitors' Circuit, and Harry Scott, First National executive at Detroit, Miss Mardiganian was cheered during the entire parade.

The police commissioner further accommodated the management of the Washington Theatre by posting extra patrolmen to prevent throngs of Detroit people from blocking traffic. Several times it was necessary to order ticket sales stopped for short periods.

ROYAL. Patience, as has heretofore been amply demonstrated, has its compensations; and Gene Pollard will bear witness to this statement. Pollard, who plays the part of the mighty Tarzan, the jungle ape-man in "The Revenge of Tarzan," which will be shown again today at the Royal Victoria Theatre, spent days and days making friends with the monkeys and apes he has to hobnob with in the jungle scenes in the picture. The famous ape, Joe Martin, was one of his particular chums. He sat on a tree limb and talked to Joe in soft, soothing tones; he petted him, he fed him sweets, or whatever it is that apes are especially fond of, till finally came the day that brought his reward—a large, fat, friendly kiss from the temperamental Joe. Meantime, a severing cameraman had been sticking around, his machine all ready to crank on a second's warning. This kiss was what he had been waiting for. And he got it. When the scene was over, Gene Pollard went down to the brook and washed his face. "The Revenge of Tarzan," the second of the famous Tarzan stories by Edgar Rice Burroughs to be shown at the Royal Victoria Theatre, was made by Numa Pictures Corporation, and is being shown by Goldwyn. With a good Christie comedy, "Man vs. Woman," and a slow motion picture showing how the same should be played, the programme of pictures has been well looked after. Miss Ivy Holt will be heard in two new songs that will no doubt please any audience.

CAPITOL. Ivan Linow, cast in the THEATRE role of Captain Peterson, otherwise known as "Cappy Ricks," which will be shown at the Capitol Theatre all week, weighs 330 pounds, and is, by the way, a wrestler. The first day he arrived at the Eastern studios, where many of the scenes of the picture were made, Melghan was told that he was called for a rough-and-tumble fight between himself and Linow. Mr. Melghan did not appear at the studio the next day, but on the second day he showed up smiling. Asked where he had been, the star replied he had been visiting Jack Dempsey's training camp near Atlantic City. "If I have to fight a bird like that," said Melghan, indicating Linow, "I want professional advice. What's more, I got it and intend to use it." From then on, until the time of the fight scenes, Melghan punched a bag and pulled weights in his hotel. "Cappy Ricks" throbs with action and several warm first fights. Agnes Ayres is leading woman and heads a strong cast, including Charles Abbe, Hugh Cameron, John Salaputo, Paul Everett, Eugene Woodward and others. Mrs. Wallace Courtney, famous dramatic soprano, will be heard in new

Miss Eva Hart
Singing and Voice Production
Studio: 415 Hibben-Boss Bldg.
Phone 5615
Tuesdays, Fridays and Saturdays

song selections, among which will be "My Hero," from "The Chocolate Soldier."

DOMINION. An all-star cast of un-theatrical merit is featured in "Mother o' Mine." Thomas H. Ince's latest melodrama for the Associated Producers, which will be featured at the Dominion Theatre all week. Lloyd Hughes, Joseph Kilgour, Betty Blythe, Betty Ross Clark and Claire McDowell are the players who assume the leading characterizations. Hughes, who for some time has appeared in leading and featured roles in Thomas H. Ince productions, recently received high critical praise for his splendid performance in Ince's "Beau Reve." Joseph Kilgour, stage and screen actor, who has been in the Dominion Theatre in that type of role being gauged by thousands of picturegoers who regard him as "the meanest man on the screen." Miss Blythe's beauty, combined with her dramatic capabilities, has elevated her to the upper ranks. Betty Ross Clark has, during the past year, played numerous feminine leads opposite prominent stars while Claire McDowell, who is cast in the title role of the production, is noted for her similar characterizations in more than two-score screen successes.

VARIETY. There are few screen directors who really enjoy working with children between the ages of six months and four years. The requirements are too exacting; an unlimited fund of patience and endurance is needed. Henry King, however, director of "Salvage," Pauline Frederick's latest Robertson-Cole special, to be shown at the Variety Theatre today and balance of the week, is an exception to the rule. Indeed, the now famous director first became prominent in the picture world when he "discovered" the exceptional talents of Baby Marie Osborne, and proceeded to develop them under his tutelage in a manner that has made her one of the most-talked-of children in the world, and created a standard for an individual type of motion-picture. While Mr. King does not profess to be a child director, his method in directing children, it is his belief that the first step is to win the confidence of the child through an appeal to the imagination.

MISS LOHR SHOWS
INIMITABLE ART
IN "FEDORA" ROLE

Miss Marie Lohr, the charming English actress, at present touring Canada, has found her way by her inimitable art and charming personality direct to the hearts of the Canadian people. In selecting "Fedora" as her initial performance she has chosen wisely. Outside of Madame Bernhardt, it is doubtful if any other actress living at the present day could so enthral an audience and carry them spellbound through the tragic moments of this powerful drama. Her wondrously musical voice, her perfect diction, added to her personal charm and complete control of the emotions, have made "Fedora" once more live and breathe. Her intensity at no time oversteers, yet plays upon every emotion that awakens the human breast. Revenge replaced by remorse, as she sees the fabric of her happiness crumbling to its foundations; sweet dreams of love and hope, and hope, trembling at her lips, snatched from her grasp as in very desperation she turns to the drug, and cup and drains it to the dregs, rather than face a future black with vain regrets. Her marvellous rendering of this greatest of female roles will live in the memory as an achievement almost without parallel.

The remarkable versatility of Miss Lohr, for which she has long been famous, is displayed in the performance of "Fedora" in "The Marionettes"—the role of a neglected wife, who strives to gain the love of her estranged husband, and who, when her husband succeeds in bringing him repentant and humble to her feet. The contrasting characters of "Fedora" and "Marionettes" show that Miss Lohr is an actress of very unusual talents and unlimited possibilities, and one can readily understand the strong hold that she has so long had upon the London public.

Miss Marie Lohr will open her engagement of one week at the Royal Victoria Theatre on Monday, November 14, in Victoria's celebrated tragedy of "Fedora."

FAMOUS ORGANIST
COMING TO VICTORIA

Joseph Bonnet, Great French Musician, to Be Heard at Metropolitan Church on December 2

One of the outstanding events of the winter concert season will be the visit here of that "giant among organists," Joseph Bonnet, the great French virtuoso, and on December 2, the community will have the opportunity of hearing and seeing one of the world's supreme artists. Arrangements in the hands of George J. Dyke, concert manager, and Edward Parsons, organist of the Metropolitan Church, have been made for an organ recital to be given by this master on the aforementioned date. There will be an effort made on a large scale to have all music students, private schools, universities, colleges, high and normal schools and institutions of learning and art attend this recital at a charge within the reach of all pockets. A few hundred seats will be set aside for all these and an early application is desirable. The management has decided to make all seats at \$1.00 (tax extra), with the exception of the students. Their seats will be placed at 50 cents and 25 cents (including tax).

Repeat Sacred Cantata—So successful was the rendering of Maunders' "Song of Thanksgiving" at Wesley Church recently, that it will be repeated this evening at 8 o'clock in the Methodist Church by Wesley choir (augmented), and the promoters hope the music lovers will avail themselves of this opportunity of hearing this beautiful sacred cantata.

A substitute for alcohol for use in making extracts has been invented.

PIANO RECITAL AT
EMPRESS DRAWS MANY

Mrs. Gertrude Huntley Green and Mr. Gideon Hicks Heard in Programme Under Ladies' Musical Club Auspices

There is never any doubt about Mrs. Gertrude Huntley Green's recitals. That is why an announcement of a concert appearance by her is invariably hailed with delight, and it was no surprise to anyone to find the Empress ballroom filled to overflowing last evening on the occasion of the concert which she gave under the Ladies' Musical Club Winter season. To say that everyone was charmed alike with her beautiful playing and the interesting character of her programme is only mildly to describe the enthusiasm of the audience which gave her a clamorous reception quite out of keeping with the reputation for her recitals. The tribute was justified for more than one reason. Although she is so accomplished she did not put her wonderful technique to the test, but the place of true musicianship. There are few artists with such a repertoire who would have taken such trouble to provide a programme both refreshing and so "legitimate." No visiting pianist of international fame has ever given more attention to the selection and arrangement of compositions, and to the unexcelled variety and novelty of subject matter there was given the added attraction of a polished and inspired playing which placed the whole performance on a plane unique in distinction.

Presenting such leading representatives of the classic, romantic and modern schools as Beethoven, Schumann, Chopin, Debussy, Godowsky and Palmgren, she flattered her audience by rejecting the more hackneyed concert works of these masters and offering in their place equally beautiful but less familiar things, which served to deepen the impression of her versatility as well as of her consideration of a public which she is already a peerless favorite. No pianist known to Victoria has a happier facility for developing simultaneous accompaniment and counterpoint of all types of composition, ranging, in this instance, from such a noble work as the Beethoven Sonata (Op. 26) to the quaintly elegant "The Hussar's Boy" (Godowsky), or from the pure classicism of the Bach Concerto to the thunders of the Liszt Hungarian Rhapsody. All these types were presented with distinctive character, the pianist's temperamental insight being reinforced with a technical so marvellously developed that in her playing of the most gigantic as well as the most delicate things there seemed an equal absence of effort.

Beethoven Sonata
The programme opened with the Beethoven Sonata, Opus 26, a sublime work which made an inspiring beginning. The beautiful legato playing of the left hand carrying the melody, the clear fire of the right hand, the majestic force, the "bravura" of the brilliant introduction merging into the beautifully conceived intermezzo, the left hand carrying the melody. There followed Brahms' Intermezzo No. 2, Opus 117, marked by charm, buoyancy and melodious tone. The Scherzo from the same composer's "The Tragic" was equally brilliant, among other things, for the great contrast between the forte and pianissimo passages, the contrast being achieved solely through the sensitive strength of the hands.

Chopin Group
No programme is complete without its Chopin group, and Mrs. Green is famous for her interpretation of the "Polish" composer, chiefly by virtue of her understanding of the need for varied and sympathetic tone color. She is an artist who thoroughly understands the use of the pedals in getting quality of tone, and the "singing" tone which is an essential to the best reading of all the Chopin compositions she has mastered with a firm and delicate touch. The splendid perfection of this performance also stood for distinction in the pianist.

Terminating a trio of restful little pieces in music (including a crystalline trill of daintiness by Godowsky, entitled "The Music Box"), came the Liszt Rhapsody No. 12. The introduction, with its massive tone and definite tempo, was another testimony to the player's great strength and technique, but the subsequent movements, particularly the allegretto giocoso and the vivacious conclusion, was most appealing in sheer beauty, this last having the essential character and "atmosphere" of the Slovak music. After so rich a programme the pianist might have been pardoned for avoiding encore, but she very graciously added still other things to delight an audience which could not have too much.

Anaemia
Thin, watery blood is no more nourishing than thin, watery milk—41m milk.

But you can soon enrich thin blood, overcome the anemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brentford, Ont., writes: "For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, and I was easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I was unable to eat much. I went to a doctor, who told me I was anemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and happily eat my food. Dr. Chase's Nerve Food is a people suffering as I did before I used this splendid medicine."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmondson, Batra & Co., Limited, Toronto.

mention. But space makes this impossible. A group opening with Schumann's Nocturne in D Major plunged the artist into a series of fresh successes. In his work she showed masculine force, the "bravura" of the brilliant introduction merging into the beautifully conceived intermezzo, the left hand carrying the melody. There followed Brahms' Intermezzo No. 2, Opus 117, marked by charm, buoyancy and melodious tone. The Scherzo from the same composer's "The Tragic" was equally brilliant, among other things, for the great contrast between the forte and pianissimo passages, the contrast being achieved solely through the sensitive strength of the hands.

Chopin Group
No programme is complete without its Chopin group, and Mrs. Green is famous for her interpretation of the "Polish" composer, chiefly by virtue of her understanding of the need for varied and sympathetic tone color. She is an artist who thoroughly understands the use of the pedals in getting quality of tone, and the "singing" tone which is an essential to the best reading of all the Chopin compositions she has mastered with a firm and delicate touch. The splendid perfection of this performance also stood for distinction in the pianist.

Terminating a trio of restful little pieces in music (including a crystalline trill of daintiness by Godowsky, entitled "The Music Box"), came the Liszt Rhapsody No. 12. The introduction, with its massive tone and definite tempo, was another testimony to the player's great strength and technique, but the subsequent movements, particularly the allegretto giocoso and the vivacious conclusion, was most appealing in sheer beauty, this last having the essential character and "atmosphere" of the Slovak music. After so rich a programme the pianist might have been pardoned for avoiding encore, but she very graciously added still other things to delight an audience which could not have too much.

Vocal Group
Mr. Gideon Hicks' group was a very happy addition to the programme and gave him ample scope for the display of a robust baritone voice of fine dimensions, beautiful quality, coupled with artistic perception. Clear articulation and a marked beauty of phrasing were two of the acquired characteristics which helped his audience to a full appreciation of his singing, the former virtue being particularly apparent in the Schumann "Spring Night," a rapid moving composition in which a less conscientious artist might have belittled the value of words. This opened a trio of programme numbers, including the "Hussar's Boy," "The Hussar's Boy," and "The Hussar's Boy." The beautiful aria, with its fine recitative, introduced the singer almost in a new role, his special matter of being called and devotedly singing. There is nothing but the highest praise due for the interpretation which he gave of this operatic selection, which he sang with fine emotional expression without any sacrifice of the fitness which marks his less dramatic work. "Araby" and "Drink to Me Only" were two popular

encore, added in response to clamorous applause. Mrs. Warr was a sympathetic accompanist, her playing of the "Spring Night" music being most skilful. His Honor the Lieutenant-Governor, and Mrs. Nichol were among those present in the audience, which numbered about eight hundred.

MASQUERADE BALL
AT WEST SAANICH

BRENTWOOD, Nov. 7.—Varied, bright and pretty were the costumes worn by the dancers who assembled at the West Saanich Hall on Friday evening, when the first masquerade dance of the season was held there. The music was supplied by Miss Pitts and Mr. H. Savage, while Mr. T. Gold acted as master of ceremonies. Mrs. F. Lindsay and Mr. Thomas Thibault made competent and satisfactory judges.

Out of a crowd composed of squire, baron, negroes and clowns, Dutch, Japanese, Hallowe'en girls and many others, the winners of eight prizes had to be selected. Some of the classes being well represented, while others had little competition, made the task of the judges a difficult one, and it was not until 11 o'clock that the prizes were awarded as follows:
Best national costume, lady, Miss Thelma Fliser, Dutch girl; best national costume, gentleman, Mr. W. Mitchell, Scotchman; best sustained character, lady, Miss Hughes, Pierrot; best sustained character, gentleman, Mr. J. Durance, black cat; best comical lady, Miss Doris Anderson, colored woman; best comical gentleman, Mr. P. Webster, colored man; best advertising, Mr. Stanley Suggitt, representing the West Saanich Mercantile store. For the lady wearing the prettiest and cheapest costume the prize was given to Miss Ruth Tomlinson, who had one of the most striking and original costumes on the floor. The dress was made of a pretty green material. Over the skirt hung

The ancients often used to swear by naming the stars Castor and Pollux.

Relieve Your
Rheumatism
For 25c.

NR does it by improving digestion, assimilation and elimination—the logical way.

NR Today—Relief or No Pay

There are three vital processes of food, the extraction of nourishment from it and the elimination of the waste. Let anything interfere with these processes and the body is weakened. Poor digestion and assimilation means failure to derive full benefit from the food we eat. In turn often means impoverished blood, weakness, anaemia, etc. Poor assimilation means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills. Rheumatism—due to some interference with the process of assimilation, failure to get rid of certain body wastes, leads to the development of this condition. You'll find this in any reliable person expert to rid himself of rheumatic pain as long as
